

Customer Survey Results

Residents of South Rim were asked to fill out a survey regarding their interest in receiving natural gas service as part of an expansion project in their community. Results of the survey are presented below. The survey began in June 2025 and will remain open through the year as long as residents continue responding. Total number of respondents at the time of writing this is 165; of which 135 replied with “yes” (shown below with green placemarks), 19 with “no” (red placemarks) and 11 with “unsure” (yellow placemarks).
