Re: Enbridge Gas Utah's Compliance Filing, Docket No. 25-057-24 - *Enbridge Gas Utah's Replacement Infrastructure 2026 Annual Plan and Budget*

Dear Mr. Summers:

The Public Service Commission (PSC) has reviewed Enbridge Gas Utah's (EGU, formerly Dominion Energy Utah) June 23, 2026, filing updating its Infrastructure Rate Adjustment Mechanism, as well as a corrected attachment filed on June 26, 2026 ("Filing"). The Filing was made pursuant to paragraph 22.b of the Partial Settlement Stipulation ("Stipulation") approved by the PSC on February 21, 2014, in Docket No. 13-057-05. The Stipulation requires EGU to file with the PSC updates to certain pipeline lists and schedules, including new construction and replacement work, in the docket associated with that year's annual budget filing. Pursuant to the PSC's February 25, 2020 Report and Order in Docket No. 19-057-02, the updates are due by June 30 of each year.

On July 7, 2026, the Division of Public Utilities (DPU) filed comments confirming that the Filing adheres to paragraph 22.b of the Stipulation. The DPU assessed the replacement progress, confirmed that the Filing requests no rate changes, and recommended that the PSC acknowledge the Filing as compliant with the referenced orders.

Based on its review of the Filing and DPU's comments and recommendations, the PSC acknowledges that the Filing complies with the relevant PSC orders.

Sincerely,

/s/ Gary L. Widerburg
PSC Secretary
