In the Matter of the Application of)
QUESTAR GAS COMPANY to)
Adjust Rates for Natural Gas Service)
in Utah)

DOCKET NO. 00-057-10
NOTICE OF ADDITIONAL
PUBLIC HEARINGS

ISSUED: March 23, 2001

By The Commission:

On September 20, 2000, in Docket No. 00-057-08, QUESTAR GAS COMPANY (QGC or the Company) submitted an Application to the Utah Public Service Commission (Commission) requesting an adjustment to the commodity and supplier non-gas cost portions of its rates. On October 18, 2000, the Commission issued an Interim Order increasing the Company's commodity portion of its rates by \$63,290,000 and its supplier non-gas portion of its rates by \$185,000 effective October 1, 2000. In that Order, the Commission set a Scheduling Conference which was vacated by the Commission's January 22, 2001 Order.

On December 20, 2000, in Docket No. 00-057-10, QGC filed a second request for a further increase to the commodity portion of its rates by \$168,031,000 and to decrease the supplier non-gas portion of its rates by \$1,190,000. The Commission approved the proposed rates on an interim basis effective January 1, 2001. On January 12, 2001, a scheduling conference was held in Docket No. 00-057-10 wherein the parties proposed hearing dates in that docket and requested that Docket Nos. 00-057-08 and 00-057-10 be combined. On January 22, 2001, the Commission issued its Order Combining Dockets, wherein the above-entitled applications were combined as requested by the Parties.

In the January 12, 2001 Scheduling Conference, the parties recommended an initial hearing schedule for the purpose of receiving public comment. The parties requested that public hearings be held on March 6, 2001, in the Commission hearing room, commencing at 5:00 p.m., with a second hearing to commence March 7, 2001, at 5:30 p.m. at the University of Utah EDNET facility to accommodate QGC customers located in areas distant from Salt Lake City.

As the parties recommended, public hearings were held on March 6 and 7, 2001. The Commission has determined that it will provide additional public hearing opportunities for comment on the Application. These additional public hearings will be held on Thursday, April 5, 2001, commencing at 5:30 p.m., at the University of Utah EDNET facility to receive testimony by teleconference from remote areas of the state. Remote EDNET sites will be as shown on the following page:
