Subject: Questar's Strong-Arm Shenanigans

It is absolutely not fair that Questar, the Commission, and everyone else in power on this issue is trying to prevent the taxpayers from having any say. We had a revolution in this country about "taxation without representation," which is what Questar is trying to do now.

Please do not allow this ruling change to be approved. It goes against everything we, as Americans, believe. Unless the taxpayers have an opportunity to continue having a say, having an opportunity to question witnesses and veracity of what Questar is publicly saying, they will cheat the taxpayers, and everyone will pay the price.
