**Subject:** Procedural Changes

My name is Jenny Nones and I am a Salt Lake resident and utility rate payer. I have become aware that you may be changing your procedures for public involvement in the rate making process. While I am not aware of what exactly you intend to do one way or another, I would like to express my opinion. It is imperative that people been able to easily participate in the rate making process. I know that the Committee of Consumer Services is obligated to represent the consumer. But in the case that the consumer feels that they are not being represented, they must have another avenue for participation. You must not put into place any measures that would impede them.

Thank You,

Jenny Nones
