**Subject:** Area Code Change

I am not in favor of changing the area codes the way it is being proposed. It seems to me it would be much better to give certain and specific areas the same code. I really think it is a lack of looking forward and is just putting a band aid on an issue. Please look at this and don't just go through with it because of a few voices in business making a decision that thousands of others completely disagree with. I would hope we in Utah are not just doing things to fix them temporarily but fix it right now for decades to come.

Thank you for your time,

Matt Judd
