RE: Review and audit of Rocky Mountain Power's (the "Company") Blue Sky
Program Docket No 08-999-02.

I appreciate the time and cooperation of Company personnel in allowing the Division to conduct a review and audit of Rocky Mountain Power's Blue Sky Program. I have summarized the audit findings in the attached 2007 "Division Audit Report of the Renewable Energy Rider "Blue Sky" Program."

During my review I found the Company to be in general compliance with the rules and regulations set forth by the Public Service Commission. It appears the program follows good business practices and is using accounting and controls that are adequate and practical.
