CC Docket No. 96-45, In the Matter of Federal-State Joint Board on Universal

Annual State Certification Pursuant to 47 C.F.R. §54.314

As part of the annual certification process referenced above, the Division requests that, in addition to the annual certification letter, cost settlement companies provide the following prior to the September 15, 2008 deadline:

1. Complete Final Part 36 for the year ended December 31, 2007.
2. Provide copies of annual cost documentation provided to the National Exchange Carriers Association (NECA) for the determination of high cost support.

Therefore, pursuant to Utah Code 54-3-22, the Division requests that this information be forwarded to us to include your company in the certification letter to the FCC.

The Division has so far received complete documentation from All West and Direct. If you have any questions, please contact the above personnel at the Division.
