**RE: PacifiCorp June 2009 Semi-Annual Wind Resources Report**

In its final order in Docket No. 07-035-93, the Utah Commission directed Rocky Mountain Power to provide with the semi-annual report, a summary report on the Company's wind generation resources. That report was to include the name, nameplate capacity, actual generation and actual capacity by month and other supporting information, for each wind resource. In compliance with that order, enclosed for filing is PacifiCorp's Semi-Annual Wind Resources Report for the period July 2008 through June 2009.

This report includes information on several new wind resources that have come on line during the first six months of 2009, as well as information on purchased and non-owned wind resources that was not provided with the December 2008 report.

Rocky Mountain Power respectfully requests that all formal correspondence and requests for additional information regarding this filing be addressed to the following:
