Re: PacifiCorp December 2008 Semi-Annual Wind Resources Report

In its final order in Docket No. 07-035-93, the Utah Commission directed Rocky Mountain Power to provide, concurrent with to the semi-annual report, a summary report on the Company's wind generation resources. That report was to include the name, nameplate capacity, actual generation and actual capacity by month and other supporting information, for each wind resource. In compliance with that order, enclosed for filing is PacifiCorp's December 2008 Semi-Annual Wind Resources Report.

It is respectfully requested that all formal correspondence and Staff requests regarding this filing be addressed to:
