Annual Report of Status of Commitments
To the Utah Public Service Commission
For the Period April 1, 2009 through March 31, 2010**

GENERAL COMMITMENTS

General Commitment Number	Commitment Description	Status	Status Description
1	MEHC and PacifiCorp affirm the continuation (through March 31, 2008) of the existing customer service guarantees and performance standards in each jurisdiction. MEHC and PacifiCorp will not propose modifications to the guarantees and standards prior to March 31, 2008. Refer to Commitment 45 for the extension of this commitment through 2011.	COMPLETE	COMPLETE – effective March 31, 2008.
2	Penalties for noncompliance with performance standards and customer guarantees shall be paid as designated by the Commission and shall be excluded from results of operations. PacifiCorp will abide by the Commission's decision regarding payments.	Ongoing Compliance	Customer guarantee failure payments are made directly to customers as agreed by commission and are excluded from results of operations.
3	PacifiCorp will maintain its own accounting system, separate from MEHC's accounting system. All PacifiCorp financial books and records will be kept in Portland, Oregon. PacifiCorp's financial books and records and state and federal utility regulatory filings and documents will continue to be available to the Commission, upon request, at PacifiCorp's offices in Portland, Oregon, Salt Lake City, Utah, and elsewhere in accordance with current practice.	Ongoing Compliance	No additional action required at the PacifiCorp level. The Company maintains its own SAP accounting system, which is separate from MEHC's systems.
4	MEHC and PacifiCorp will provide the Commission access to all books of account, as well as all documents, data, and records of their affiliated interests, which pertain to transactions between PacifiCorp and its affiliated interests or which are otherwise relevant to the business of PacifiCorp. This commitment is also applicable to the books and records of Berkshire Hathaway, which shall retain its books and records relevant to the business of PacifiCorp consistent with the manner and time periods of the Federal Energy Regulatory Commission's record retention requirements that are applicable to PacifiCorp's books and records.	Ongoing Compliance	No additional action required at the PacifiCorp level. The Company complies with the FERC's record retention requirement.
5	MEHC, PacifiCorp and all affiliates will make their employees, officers, directors, and agents available to testify before the Commission to provide information relevant to matters within the jurisdiction of the Commission.	Ongoing Compliance	No additional action required unless specified activities occur.
6	The Commission or its agents may audit the accounting records of MEHC and its subsidiaries that are the bases for charges to PacifiCorp, to determine the reasonableness of the costs and allocation factors used by MEHC to assign costs to PacifiCorp and amounts subject to allocation or direct charges. MEHC agrees to cooperate fully with such Commission audits.	Ongoing Compliance	The general ledger of MEHC and the ledger of each subsidiary reflect and track all inter-company activity (both direct charges and allocations) and are supported with detail transactions (journal entry, positive time reporting, vouchers, etc.) MEHC and subsidiaries maintain support files for allocation factors supporting inter-company billings. MEHC and subsidiaries' general ledgers reflect all inter-company transactions as required by the IASA.
7	MEHC and PacifiCorp will comply with all applicable Commission statutes and regulations regarding affiliated interest transactions, including timely filing of	Ongoing Compliance	No additional action required unless specified activities occur. See also General Commitments 8 and 13 and Utah-specific Commitment U3.

	applications and reports.		
8	PacifiCorp will file on an annual basis an affiliated interest report including an organization chart, narrative description of each affiliate, revenue for each affiliate and transactions with each affiliate.	Ongoing Compliance	The Affiliated Interest Report for 2008 was filed in May 2009. The 2009 report will be filed in May 2010.
9	PacifiCorp and MEHC will not cross-subsidize between the regulated and non-regulated businesses or between any regulated businesses, and shall comply with the Commission's applicable orders and rules with respect to such matters.	Ongoing Compliance	IASA acknowledging this commitment was executed on March 30, 2006; filed on March 31, 2006; approved on October 6, 2006.
10	Due to PUHCA repeal, neither Berkshire Hathaway nor MEHC will be registered public utility holding companies under PUHCA. Thus, no waiver by Berkshire Hathaway or MEHC of any defenses to which they may be entitled under <i>Ohio Power Co. v. FERC</i> , 954 F.2d 779 (D.C. Cir.), cert. denied sub nom. <i>Arcadia v. Ohio Power Co.</i> , 506 U.S. 981 (1992) (" <i>Ohio Power</i> "), is necessary to maintain the Commission's regulation of MEHC and PacifiCorp. However, while PUHCA is in effect, Berkshire Hathaway and MEHC waive such defenses.	Ongoing Compliance	No additional action required unless specified activities occur.
11	a) Any diversified holdings and investments (e.g., non-utility business or foreign utilities) of MEHC following approval of the transaction will not be held by PacifiCorp or a subsidiary of PacifiCorp. Ring-fencing provisions (i.e., measures providing for separate financial and accounting treatment) will be provided for PacifiCorp and its subsidiaries including, but not limited to, provisions protecting PacifiCorp and its subsidiaries from the liabilities or financial distress of MEHC and its affiliates. This condition will not prohibit MEHC or its affiliates other than PacifiCorp from holding diversified businesses. b) [Intentionally left blank.] c) PacifiCorp will notify the Commission of any changes in the ring-fencing provisions within 30 days. Such notice shall include verification that (i) the change has been approved by the independent director of PacifiCorp's parent company, and (ii) the rating agencies have confirmed that there will be no credit downgrade from the changed ring-fencing protections.	Ongoing Compliance	a) No additional action required unless specified activities occur. b) The PPW Holdings LLC agreement with provisions consistent with Appendix 1 was executed March 15, 2006.
12	PacifiCorp or MEHC will notify the Commission in writing subsequent to MEHC's board approval and as soon as practicable following any public announcement of: (1) any acquisition of a regulated or unregulated business representing 5 percent or more of the capitalization of MEHC; or (2) the change in effective control or acquisition of any material part or all of PacifiCorp by any other firm, whether by merger, combination, transfer of stock or assets.	Ongoing Compliance	No additional action required unless specified activities occur.
13	The Intercompany Administrative Services Agreement (IASA) will include the corporate and affiliate cost allocation methodologies. The IASA will be filed with the Commission as soon as practicable after the closing of the transaction. Approval of the IASA will be requested if required by law or rule, but approval for ratemaking purposes will not be requested in such filing. Refer to Commitment 14 (f). Amendments to the IASA will also be	Ongoing Compliance	IASA acknowledging this commitment was executed on March 30, 2006; filed on March 31, 2006; approved on October 6, 2006.

14	<p>Any proposed cost allocation methodology for the allocation of corporate and affiliate investments, expenses, and overheads, required by law or rule to be submitted to the Commission for approval, will comply with the following principles:</p> <p>a) For services rendered to PacifiCorp or each cost category subject to allocation to PacifiCorp by MEHC or any of its affiliates, MEHC must be able to demonstrate that such service or cost category is necessary to PacifiCorp for the performance of its regulated operations, is not duplicative of services already being performed within PacifiCorp, and is reasonable and prudent.</p> <p>b) Cost allocations to PacifiCorp and its subsidiaries will be based on generally accepted accounting standards; that is, in general, direct costs will be charged to specific subsidiaries whenever possible and shared or indirect costs will be allocated based upon the primary cost-driving factors.</p> <p>c) MEHC and its subsidiaries will have in place positive time reporting systems adequate to support the allocation and assignment of costs of executives and other relevant personnel to PacifiCorp.</p> <p>d) An audit trail will be maintained such that all costs subject to allocation can be specifically identified, particularly with respect to their origin. In addition, the audit trail must be adequately supported. Failure to adequately support any allocated cost may result in denial of its recovery in rates.</p> <p>e) Costs which would have been denied recovery in rates had they been incurred by PacifiCorp regulated operations will likewise be denied recovery whether they are allocated directly or indirectly through subsidiaries in the MEHC group.</p> <p>f) Any corporate cost allocation methodology used for rate setting, and subsequent changes thereto, will be submitted to the Commission for approval if required by law or rule.</p>	Ongoing Compliance	IASA filed in 13 above contained the provisions required by 14a-14f.
15	MEHC and PacifiCorp commit that PacifiCorp will maintain separate debt and preferred stock, if any. PacifiCorp will maintain its own corporate credit rating, as well as ratings for long-term debt and preferred stock, from Moody's and S&P or their successor agencies.	Ongoing Compliance	PacifiCorp continues to have corporate credit ratings as well as ratings for long-term debt and preferred stock from Moody's and S&P.
16	MEHC and PacifiCorp will exclude all costs of the transaction from PacifiCorp's utility accounts. Within 90 days following completion of the transaction, MEHC will provide a preliminary accounting of these costs. Further, MEHC will provide the Commission with a final accounting of these costs within 30 days of the accounting close.	COMPLETE	COMPLETE – effective January 30, 2007.
17	MEHC and PacifiCorp will provide the Commission with unrestricted access to all written information provided by and to credit rating agencies that pertains to PacifiCorp or MEHC. Berkshire Hathaway and MEHC will also provide the Commission with unrestricted access to all written information provided by and to credit rating agencies that pertains to MEHC's subsidiaries to the extent such information may potentially impact PacifiCorp.	Ongoing Compliance	Rating agency materials are available upon request. See Utah-specific Commitment U10.
18	PacifiCorp will not make any distribution to PPW Holdings LLC or MEHC that will reduce PacifiCorp's common equity capital below 40 percent of its total	Ongoing Compliance	No distributions have been made by PacifiCorp to PPW Holdings LLC or MEHC.

	capital without Commission approval. PacifiCorp will notify the Commission if for any reason its common equity capital is reduced to below 44 percent of its total capital for a period longer than three consecutive months. PacifiCorp's total capital is defined as common equity, preferred equity and long-term debt. Long-term debt is defined as debt with a term of one year or more. The Commission and PacifiCorp may reexamine these minimum common equity percentages as financial conditions or accounting standards change, and PacifiCorp may request adjustments.		PacifiCorp Dividend Policy has been implemented to ensure proper procedures are followed with each dividend including verification that the common equity capital requirement is met. Accounting calculates PacifiCorp common equity capital to total capital on a monthly basis and reports to Treasury.
19	The capital requirements of PacifiCorp, as determined to be necessary to meet its obligation to serve the public, will be given a high priority by the Board of Directors of MEHC and PacifiCorp.	Ongoing Compliance	For the period April 2009 through March 2010, MEHC made equity infusions totaling \$125 million.
20	Neither PacifiCorp nor its subsidiaries will, without the approval of the Commission, make loans or transfer funds (other than dividends and payments pursuant to the Intercompany Administrative Services Agreement) to MEHC or its affiliates, or assume any obligation or liability as guarantor, endorser, surety or otherwise for MEHC or its affiliates; provided that this condition will not prevent PacifiCorp from assuming any obligation or liability on behalf of a subsidiary of PacifiCorp. MEHC will not pledge any of the assets of the business of PacifiCorp as backing for any securities which MEHC or its affiliates (but excluding PacifiCorp and its subsidiaries) may issue.	Ongoing Compliance	No additional action required unless specified activities occur.
21	MEHC and PacifiCorp, in future Commission proceedings, will not seek a higher cost of capital than that which PacifiCorp would have sought if the transaction had not occurred. Specifically, no capital financing costs should increase by virtue of the fact that PacifiCorp was acquired by MEHC.	Ongoing Compliance	PacifiCorp continues to calculate its cost of capital on a stand-alone basis, and has not advocated for a higher cost due to its acquisition by MEHC. This has been demonstrated in the cost of capital testimony filed in the company's general rate case filings.
22	MEHC and PacifiCorp guarantee that the customers of PacifiCorp will be held harmless if the transaction between MEHC and PacifiCorp results in a higher revenue requirement for PacifiCorp than if the transaction had not occurred; provided, however, that MEHC and PacifiCorp do not intend that this commitment be interpreted to prevent PacifiCorp from recovering prudently incurred costs approved for inclusion in revenue requirement by the Commission.	Ongoing Compliance	The revenue requirement for Utah customers is not higher than the revenue requirement would have been had the transaction not occurred. Regular filings have occurred where results have been reported to regulators and rates reviewed and reset as allowed by the commission in line with the commitment.
23	PacifiCorp will continue a Blue Sky tariff offering in all states. PacifiCorp will continue to support this offering through innovative marketing, by modifying the tariff to reflect the developing green power market and by monitoring national certification standards.	Ongoing Compliance	The Blue Sky renewable energy program is offered to customers in all states. Various promotional activities were completed during the reporting year which resulted in 12,840 new customers enrolling. At year end 70,521 customers were participating in the program. Blue Sky promotional activities included targeted direct mail campaigns, business reply envelopes, the company's call center challenge, courtesy knock campaigns, bill messages as well as customer newsletter stories, community challenges, tabling at community events, community project funding announcements and direct customer outreach via customer account managers and regional community managers. In 2009 Blue Sky began using the social network tool Facebook as a new communication tool to provide program updates and information.

			<p>The program successfully completed the required Green-e audits to retain certification and remained in the top 10 Green Power Utility Programs as reported by the U.S. Department of Energy's National Renewable Energy Laboratory.</p> <p>Tariff filings were made to expand the resource eligibility list to include pipeline or irrigation canal hydroelectric systems. Approval is pending in Oregon and Utah and all other states have approved.</p>
24	PacifiCorp will continue its commitment to gather outside input on environmental matters, such as through the Environmental Forum.	Ongoing Compliance	<p>On an on-going basis, PacifiCorp is an active participant in the following which provide opportunities for PacifiCorp to gather outside input on specific environmental matters:</p> <p>Big Sky Carbon Sequestration Partnership, California Dialogue Group, Edison Electric Institute, Electric Power Research Institute, Energy Trust of Oregon Renewables Advisory Council, the Idaho Climate Issues Task Force, Northwest Power & Conservation Council, Oregon Global Warming Commission, Oregon Western Climate Initiative Stakeholder Group, The Climate Registry ("TCR"), Utah Energy Forum, Utah Clean Energy, Utah Renewable Energy Zones work group, Utah Western Climate Initiative Stakeholder Group, Utah Wind working group, Washington Western Climate Initiative Stakeholders Group, WEST Associates, the Western Governors Association, and the Western Regional Air Partnership Stationary Source Joint Forum.</p>
25	PacifiCorp will continue to have environmental management systems in place that are self-certified to ISO 14001 standards at all PacifiCorp operated thermal generation plants.	Ongoing Compliance	The PacifiCorp thermal plants continue to maintain their ISO 14001 Certificate of Registration. The most recent surveillance audits were conducted during February 2010.
26	MEHC will maintain at least the existing level of PacifiCorp's community-related contributions, both in terms of monetary and in-kind contributions. The distribution of PacifiCorp's community-related contributions among the states will be done in a manner that is fair and equitable to each state.	Ongoing Compliance	<p>PacifiCorp maintained its level of support for community-related contributions. Expenditures are tracked to ensure that the company is making equitable allocations.</p> <p>Community funding (contributions, sponsorships and in-kind donations) for calendar year 2009 totaled \$2,996,084.</p>
27	MEHC will continue to consult with regional advisory boards to ensure local perspectives are heard regarding community issues.	Ongoing Compliance	The Rocky Mountain Power Regional Advisory Board met April 16, 2009, November 3, 2009, and February 16, 2010. In the second quarter 2010, the board met May 5, 2010.
28	MEHC will honor PacifiCorp's existing labor contracts.	Ongoing Compliance	<p>All agreements are being honored. 			2013. UWUA Local 197 -Membership ratified a new labor agreement with PacifiCorp August 20, 2009. It is effective through May 25, 2012.
29	After the closing of the transaction, MEHC and PacifiCorp will make no unilateral changes to employee benefit plans prior to May 23, 2007 that would result in the reduction of employee benefits.	COMPLETE	COMPLETE – effective May 23, 2007.
30	PacifiCorp will continue to produce Integrated Resource Plans according to the then current schedule and the then current Commission rules and orders.	Ongoing Compliance	2008 IRP filed with UPSC on May 28, 2009. 2008 IRP filed with CPUC, IPUC, OPUC, WUTC and WPSC on May 29, 2009. PacifiCorp filed a required Renewable Portfolio Standard Supplement to the 2008 IRP with the California Public Utilities Commission on June 29, 2009. PacifiCorp received acknowledgement on the 2008 IRP: <ul style="list-style-type: none"> • Washington Utilities and Transportation Commission on September 2, 2009 • Idaho Public Utilities Commission on September 15, 2009 • Oregon Public Utility Commission on February 24, 2010 • Utah Public Service Commission on April 1, 2010. PacifiCorp filed the 2008 IRP Update on March 31, 2010, as an informational report with Oregon, Idaho, Utah, Washington and Wyoming. Additionally, in compliance with Washington IRP guidelines, PacifiCorp filed on March 31, 2010 a 2011 IRP Work Plan with the commission. Preparation of the 2011 IRP is now underway. The 2011 IRP will be filed with the state commissions by March 31, 2011, in compliance with current state IRP filing guidelines and requirements.
31	When acquiring new generation resources in excess of 100 MW and with a dependable life of 10 or more years, PacifiCorp and MEHC will issue Requests for Proposals (RFPs) or otherwise comply with state laws, regulations and orders that pertain to procurement of new generation resources for PacifiCorp.	Ongoing Compliance	PacifiCorp issued the 2008R-1 call for new and revised bids to the prior Request for Proposal (RFP), originally issued on October 6, 2008, and the 2009R renewable RFPs on January 26, 2009 and July 8, 2009, respectively. The RFPs were approved in Oregon and were noticed in Utah consistent with state laws, regulations and orders. As a result of the 2008R-1 the company executed a 200.2 megawatt power purchase agreement with Top of the World Wind Energy LLC, a subsidiary of Duke Energy. As a result of the 2009R the company executed the Dunlop wind project, a 111 megawatt wind project in Wyoming, which will be owned by PacifiCorp. PacifiCorp issued a suspension to the market on the prior issued 2008 All Source RFP on April 22, 2009. The suspension was lifted and the All Source RFP was reissued on December 2, 2009 with bid proposals due March 1, 2010. The proposals are currently being analyzed.

33	Unless another process is provided by statute, Commission regulations or approved PacifiCorp tariff, MEHC and PacifiCorp encourage the Commission to use the following process for administering the commitments. The Commission should give MEHC and PacifiCorp written notification of any violation by either company of the commitments made in this application. If such failure is corrected within ten (10) business days for failure to file reports, or five (5) business days for other violations, the Commission should take no action. The Commission shall have the authority to determine if the corrective action has satisfied or corrected the violation. MEHC or PacifiCorp may request, for cause, an extension of these time periods. If MEHC or PacifiCorp fails to correct such violations within the specified time frames, as modified by any Commission-approved extensions, the Commission may seek to assess penalties for violation of a Commission order, against either MEHC or PacifiCorp, as allowed under state laws and regulations.	Ongoing Compliance	No action required unless specified activities occur.
34	<p>MEHC and PacifiCorp have identified transmission projects that MEHC and PacifiCorp believe will enhance reliability, facilitate the receipt of renewable resources, or enable further system optimization. Subject to permitting and the availability of materials, equipment and rights-of-way, MEHC and PacifiCorp commit to use their best efforts to achieve the following transmission system infrastructure Improvements¹:</p> <p>a) <u>Path C Upgrade (~\$78 million)</u> – Increase Path C capacity by 300 MW (from S.E. Idaho to Northern Utah). The target completion date for this project is 2010. MEHC and PacifiCorp assert that this project:</p> <ul style="list-style-type: none"> • enhances reliability because it increases transfer capability between the east and west control areas, • facilitates the delivery of power from wind projects in Idaho, and • provides PacifiCorp with greater flexibility and the opportunity to consider additional options regarding planned generation capacity additions. <p>b) <u>Mona - Oquirrh (~\$196 million)</u> – Increase the import capability from Mona into the Wasatch Front (from Wasatch Front South to Wasatch Front North). This project would enhance the ability to import power from new resources delivered at or to Mona, and to import from Southern California by “wheeling” over the Adelanto DC tie. The target completion date for this project is 2011. MEHC and PacifiCorp assert that this project:</p> <ul style="list-style-type: none"> • enhances reliability by enabling the import of power from Southern California entities during emergency situations, • facilitates the acceptance of renewable resources, and • enhances further system optimization since it enables the further purchase or exchange of seasonal resources from parties capable of delivering to Mona. <p>c) <u>Walla Walla - Yakima or Mid-C (~\$88 million)</u> – Establish a link between the “Walla Walla bubble” and the “Yakima bubble” and/or reinforce the link between the “Walla Walla bubble” and the Mid-Columbia (at Vantage). MEHC and PacifiCorp assert that either of these projects presents opportunities to</p>	Ongoing Compliance	<p>a) Path C (Populus to Terminal) The project is on schedule and within budget with 98% of foundations installed. The southern portion of the project, Terminal to Ben Lomond, was completed early and placed into service March 2010. The balance of the project will be placed into service in the fourth quarter of 2010.</p> <p>b) Mona to Oquirrh - The bidder selection process for the engineer/procure/construct contractor was narrowed to two bidders in March 2010.</p> <p>On March 3, 2010 the Tooele County Commission denied the PacifiCorp request for a conditional use permit. The denial was appealed to the Utah facility siting review board in April. Initial hearings are scheduled in May 2010 with a decision required 45 days after the initial hearing. With the exception of Tooele County, all other conditional use permits have been obtained.</p> <p>c) One customer signed a point to point commitment requiring new capacity from Wallula to McNary. Two additional customers have submitted queue requests for transmission service associated with a new wind farm connected at Wallula substation and all would require additional capacity on this line segment. Signed customer commitments obligate PacifiCorp to restart the right-of-way (ROW) acquisition and subsequent construction for this portion of the project segment. ROW acquisition for the line between Wallula to McNary will take place during 2010. Work to resolve remaining corridor issues with the Umatilla Tribe and Bureau of Land Management land segments is underway.</p>

The target completion date for this project is 2010.</p> <p>_____</p> <p>¹ While MEHC has immersed itself in the details of PacifiCorp's business activities in the short time since the announcement of the transaction, it is possible that upon further review a particular investment might not be cost-effective, optimal for customers or able to be completed by the target date. If that should occur, MEHC pledges to propose an alternative to the Commission with a comparable benefit. The Commission may investigate the reasonableness of any determination by MEHC/PacifiCorp that one or more of the identified transmission investments is not cost-effective or optimal for customers.</p>		
35	<p>MEHC and PacifiCorp make the following commitments to improve system reliability:</p> <p>a) investment in the Asset Risk Program of \$75 million over the three years, 2007-2009,</p> <p>b) investment in local transmission risk projects across all states of \$69 million over eight years after the close of the transaction,</p> <p>c) O & M expense for the Accelerated Distribution Circuit Fusing Program across all states will be increased by \$1.5 million per year for five years after the close of the transaction, and</p> <p>d) extension of the O&M investment across all states for the Saving SAIDI Initiative for three additional years at an estimated cost of \$2 million per year.</p> <p>e) MEHC and PacifiCorp will support the Bonneville Power Administration in its development of short-term products such as conditional firm. No less than three months following the close of the transaction, PacifiCorp will initiate a process to collaboratively design similar short-term transmission products and will include stakeholders in this process. PacifiCorp will make every reasonable effort to complete a product by the end of 2008.</p> <p>f) PacifiCorp will continue to offer its Partial Interim Service product, and will make commercially reasonable efforts to offer transmission customers as much firm service as the Company's transmission studies show is available, including weeks within a month. PacifiCorp will also continue its OATT tariff provision that allows transmission customers to alter pre-scheduled transactions up to 20 minutes before the hour as long as such provision is consistent with established scheduling practices and does not jeopardize system reliability. PacifiCorp will notify parties to this proceeding if it proposes changes to these two elements of its OATT.</p>	Ongoing Compliance	<p>a) COMPLETE – effective December 30, 2007.</p> <p>b) Through March 2010, PacifiCorp spent approximately \$29,711,543, or 43.1%, of the total \$69 million investment (over an 8-year period) in projects identified as transmission risk projects.</p> <p>c) Through calendar year 2009, 129.4% of the \$2.5 million 2009 budget was spent. PacifiCorp continued implementing prior-developed circuit fusing improvement projects consistent with commitments and plans. For the period January through March 2010, 38.3% of the \$2.5 million 2010 budget has been spent.</p> <p>d) COMPLETE – effective March 31, 2009. From the period April through December 2006, the company spent \$2,437,125, or 177%, of the \$2m Saving SAIDI Initiative spending commitment prorated to 9 months. In calendar year 2007, the company spent \$7,879,198, or 394% of the \$2m. In calendar year 2008, the company spent \$5,488,158, or 274%, of the \$2m. From January through March 2009, the company spent \$851,578, or 137%, of the \$2m commitment prorated to 3 months.</p> <p>e) COMPLETE – effective December 28, 2007.</p> <p>f) PacifiCorp offers partial interim service and allows scheduling modifications up to 20 minutes before the start of the hour during real time. These practices will continue.</p>
36	<p><u>Regional Transmission:</u> MEHC recognizes that it can and should have a role in addressing the critical importance of transmission infrastructure to the states in which PacifiCorp serves. MEHC also recognizes that some transmission projects, while highly desirable, may not be appropriate investments for PacifiCorp and its regulated customers. Therefore, MEHC shareholders commit their resources and leadership to assist PacifiCorp</p>	Ongoing Compliance	<p>The company continues to be very active in following and supporting transmission infrastructure planning in the region in an effort to ensure our customers' needs are met and future transmission opportunities are not missed that may help provide stable and predictable energy costs looking forward. 37	<p><u>Reduced Cost of Debt:</u> MEHC believes that PacifiCorp's incremental cost of long-term debt will be reduced as a result of the proposed transaction, due to the association with Berkshire Hathaway. Historically, MEHC's utility subsidiaries have been able to issue long-term debt at levels below their peers with similar credit ratings. MEHC commits that over the next five years it will demonstrate that PacifiCorp's incremental long-term debt issuances will be at least a spread of ten basis points below its similarly rated peers. MEHC's demonstration will include information from a third party industry expert supporting its calculation and conclusion. If MEHC is unable to demonstrate to the Commission's satisfaction that PacifiCorp has achieved at least a ten-basis point reduction, PacifiCorp will accept up to a ten (10) basis point reduction to the yield it actually incurred on any incremental long-term debt issuances for any revenue requirement calculation effective for the five-year period subsequent to the approval of the proposed acquisition. It is projected that this benefit will yield a value roughly equal to \$6.3 million over the post-acquisition five-year period.</p>	Ongoing Compliance	<p>The long-term debt issuances of August 2006, March 2007, October 2007, July 2008, and January 2009, were analyzed to confirm that the related cost of debt was at least 10 basis points below the company's similarly-rated peers.</p> <p>Testimony supporting commitment compliance was filed for the July 2008 and January 2009 debt issuances in the 2009 Utah rate case, Docket No. 09 035 23.</p>
38	<p><u>Corporate Overhead Charges:</u> MEHC commits that the corporate charges to PacifiCorp from MEHC and MEC will not exceed \$9 million annually for a period of five years after the closing on the proposed transaction. (In FY2006, ScottishPower's net cross-charges to PacifiCorp are projected to be \$15 million.).</p>	Ongoing Compliance	Corporate charges from MEHC and MEC for 2009 were \$9m.
39	<p><u>Future Generation Options:</u> In Commitment 31, MEHC and PacifiCorp adopt a commitment to source future PacifiCorp generation resources consistent with the then current rules and regulations of each state. In addition to that commitment, for the next ten years, MEHC and PacifiCorp commit that they will submit as part of any commission approved RFPs for resources with a dependable life greater than 10 years and greater than 100 MW –including renewable energy RFPs --a 100 MW or more utility "own/operate" alternative for the particular resource. 	alternatives be favored over other options. Rather, the option for PacifiCorp to own and operate the resource which is the subject of the RFP will enable comparison and evaluation of that option against other viable alternatives. In addition to providing regulators and interested parties with an additional viable option for assessment, it can be expected that this commitment will enhance PacifiCorp's ability to increase the proportion of cost-effective renewable energy in its generation portfolio, based upon the actual experience of MEC and the "Renewable Energy" commitment offered below.		request for proposal originally issued on October 6, 2008 and the 2009R renewable request for proposals on January 26, 2009 and July 8, 2009, respectively. The RFPs were approved in Oregon and were noticed in Utah consistent with state laws, regulations and orders. As a result of the 2008R-1 the company executed a 200.2 megawatt power purchase agreement with the Top of the World Wind Energy LLC, as subsidiary of Duke Energy. As a result of the 2009R the company executed the Dunlop wind project, a 111 megawatt wind project in Wyoming which will be owned by PacifiCorp.
40	<p><u>Renewable Energy:</u> MEHC reaffirms PacifiCorp's commitment to acquire 1400 MW of new cost-effective renewable resources, representing approximately 7% of PacifiCorp's load. MEHC and PacifiCorp commit to work with developers and bidders to bring at least 100 MW of cost-effective wind resources in service within one year of the close of the transaction.</p> <p>MEHC and PacifiCorp expect that the commitment to build the Walla-Walla and Path C transmission lines will facilitate up to 400 MW of renewable resource projects with an expected in-service date of 2008 -2010. MEHC and PacifiCorp commit to actively work with developers to identify other transmission improvements that can facilitate the delivery of cost-effective wind energy in PacifiCorp's service area.</p> <p>In addition, MEHC and PacifiCorp commit to work constructively with states to implement renewable energy action plans so as to enable PacifiCorp to achieve at least 1400 MW of cost-effective renewable energy resources by 2015. Such renewable energy resources are not limited to wind energy resources.</p>	Ongoing Compliance	<p>100 MW – COMPLETE – effective July 21, 2006.</p> <p>By the end of 2010, PacifiCorp expects to exceed the 1,400 MW commitment.</p> <p>PacifiCorp continues to actively participate in two efforts to identify transmission improvements that will support the development of renewable resources. The first is the Utah Renewable Energy Zones work group and the second is the Western Governors Association's Western Renewable Energy Zones subcommittee. PacifiCorp's continued work on the Energy Gateway transmission projects will also facilitate the delivery of cost effective renewable energy in PacifiCorp's service territory.</p> <p>PacifiCorp is an active participant along with other stakeholders in an Oregon Public Utility Commission proceeding (AR 538/UM1452) meant to implement House Bill 3039 (2009), which established a utility large-scale solar photovoltaic capacity standard mandate for projects greater than 500 kilowatts in size, as well as a pilot solar photovoltaic net-metering/feed-in tariff program for projects less than 500 kilowatts in size.</p> <p>On March 1, 2010, PacifiCorp filed an application for approval to implement a solar incentive program in California. The application is pending approval with the California Public Utilities Commission.</p>
41	<u>Coal Technology:</u> MEHC supports and affirms PacifiCorp's commitment to consider utilization of advanced coal-fuel technology such as super-critical or IGCC technology when adding coal-fueled generation.	Ongoing Compliance	The company is not currently considering the development of any new coal-fueled generation.
42	a) MEHC and PacifiCorp commit to participate in the Environmental Protection Agency's SF ₆ Emission Reduction Partnership for Electric Power Systems. Sulfur hexafluoride (SF ₆) is a highly potent greenhouse gas used in the electric industry for insulation and current interruption in electric transmission and distribution equipment. MEHC and PacifiCorp represent that over a 100-year period, SF ₆ is 23,900 times more effective at trapping infrared radiation than an equivalent amount of CO ₂ , making it the most highly potent, known greenhouse gas. SF ₆ is also a very stable chemical, with an atmospheric lifetime of 3,200 years. Through its participation in the SF₆ partnership, PacifiCorp will commit to an appropriate SF₆ emissions reduction goal and annually report its estimated SF₆ emissions. MEHC and PacifiCorp represent that this not only reduces greenhouse gas emissions, it saves money and improves grid reliability. Since 1999, EPA's SF₆ partner companies have saved \$2.5 million from the avoided gas loss alone. Use of improved SF₆ equipment and management practices helps protect system reliability and efficiency.</p> <p>b) Within six months after close of the transaction, MEHC and PacifiCorp commit that PacifiCorp will establish a global warming working group composed of representative of the regulatory, consumer, educational and environmental communities in the six states that PacifiCorp serves, as well as representatives of PacifiCorp and MEHC. PacifiCorp will work with the global warming working group to identify cost-effective measures to reduce PacifiCorp's greenhouse emissions. PacifiCorp will develop and file with the Commission its strategy, which MEHC supports, for reducing its greenhouse gas emissions.</p>		approval. PacifiCorp continues to evaluate and model potential carbon policy risk as part of its Integrated Resource Plan ("IRP") planning process.																								
43	<p>Working with the affected generation plant joint owners and with regulators to obtain required approvals, MEHC and PacifiCorp commit to install, to the extent cost-effective, the equipment likely to be necessary under future emissions control scenarios at a cost of approximately \$812 million. Concurrent with any application for an air permit, MEHC and PacifiCorp will discuss its plans regarding this commitment with interested parties and solicit input. While additional expenditures may ultimately be required as future emission reduction requirements become better defined, MEHC believes these investments in emission control equipment are reasonable and environmentally beneficial. The execution of an emissions reduction plan for the existing PacifiCorp coal-fueled facilities, combined with the use of reduced-emissions coal technology for new coal-fueled generation, is expected to result in a significant decrease in the emissions rate of PacifiCorp's coal-fueled generation fleet. MEHC represents that the investments to which MEHC is committing are expected to result in a decrease in the SO₂ emissions rates of more than 50%, a decrease in the NO_x emissions rates of more than 40%, a reduction in the mercury emissions rates of almost 40%, and no increase expected in the CO₂ emissions rate.</p>	COMPLETE	<p>COMPLETE – effective March 31, 2010. The table below reflects emissions reduction projects that have been or are in the process of completion, with all projects permitted by environmental regulatory agencies. Some, but not all, of these projects were on the original list of projects anticipated under this commitment. As of March 31, 2010, PacifiCorp had spent approximately \$865 million (compared to the commitment of \$812 million) on emission reduction projects in support of its Commitment 43 goals. Upon completion, these projects will have resulted in a reduction of PacifiCorp's SO₂ emission rate by approximately 62% and a reduction of its NO_x rate by approximately 39%. PacifiCorp's CO₂ emissions rate did not increase and has, in fact, decreased by almost 10% between 2005 and 2008 on a pounds per megawatt hour basis. While this commitment is considered complete, the company will continue to install emission reduction equipment to the extent such installation is required by law or otherwise prudent.</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: center;">Plant</th> <th style="text-align: center;">Project</th> <th style="text-align: center;">In-Service Date</th> </tr> </thead> <tbody> <tr> <td>Cholla Unit 4</td> <td>Scrubber, low-NO_x burners, baghouse</td> <td style="text-align: center;">5/21/2010</td> </tr> <tr> <td>Dave Johnston Unit 3</td> <td>Low-NO_x burners</td> <td style="text-align: center;">5/31/2010</td> </tr> <tr> <td>Dave Johnston Unit 3</td> <td>Scrubber and baghouse</td> <td style="text-align: center;">5/31/2010</td> </tr> <tr> <td>Dave Johnston Unit 4</td> <td>Low-NO_x burners</td> <td style="text-align: center;">12/30/2009</td> </tr> <tr> <td>Dave Johnston Unit 4</td> <td>Scrubber and baghouse upgrade</td> <td style="text-align: center;">5/15/2012</td> </tr> <tr> <td>Hunter Unit 1</td> <td>Low-NO_x burners</td> <td style="text-align: center;">5/31/2014</td> </tr> <tr> <td>Hunter Unit 1</td> <td>Scrubber upgrade and baghouse</td> <td style="text-align: center;">5/31/2014</td> </tr> </tbody> </table>	Plant	Project	In-Service Date	Cholla Unit 4	Scrubber, low-NO _x burners, baghouse	5/21/2010	Dave Johnston Unit 3	Low-NO _x burners	5/31/2010	Dave Johnston Unit 3	Scrubber and baghouse	5/31/2010	Dave Johnston Unit 4	Low-NO _x burners	12/30/2009	Dave Johnston Unit 4	Scrubber and baghouse upgrade	5/15/2012	Hunter Unit 1	Low-NO _x burners	5/31/2014	Hunter Unit 1	Scrubber upgrade and baghouse	5/31/2014

45	<u>Customer Service Standards:</u> MEHC and PacifiCorp commit to continue customer service guarantees and performance standards as established in each jurisdiction, provided that MEHC and PacifiCorp reserve the right to request modifications of the guarantees and standards after March 31, 2008, and the right to request termination (as well as modification) of one or more guarantees or standards after 2011. The guarantees and standards will not be eliminated or modified without Commission approval.	Ongoing Compliance	The customer guarantee and performance standards programs continue. On June 4, 2008, Rocky Mountain Power submitted a proposal to modify three network performance standards. The modifications were approved with an effective date of June 11, 2009.
46	<u>Community Involvement and Economic Development:</u> MEHC has significant experience in assisting its communities with economic development efforts. MEHC plans to continue PacifiCorp's existing economic development practices and use MEHC's experience to maximize the effectiveness of these efforts.	Ongoing Compliance	PacifiCorp continues to support economic development through active participation in the local community economic development organizations. Economic development grants were given to several Pacific Power and Rocky Mountain Power communities throughout the year. Community managers participate in regional economic development summits, including state and federal elected officials and regional economic development leaders. Community managers serve on boards of economic development agencies and lead and provide support to recruitment and retention initiatives.
47	<u>Corporate Presence (All States):</u> MEHC understands that having adequate staffing and representation in each state is not optional. We understand its importance to customers, to regulators and to states. MEHC and PacifiCorp commit to maintaining adequate staffing and presence in each state, consistent with the provision of safe and reliable service and cost-effective operations.	Ongoing Compliance	Appropriate staffing levels for PacifiCorp have been reviewed and continue to be part of the business planning process.
48	PacifiCorp will provide public notice and an invitation to encourage stakeholders to participate in the Integrated Resource Plan (IRP) process. The IRP process will be used to consider Commitments 34, 39, 40, 41, 44, 52 and 53. PacifiCorp will hold IRP meetings at locations or using communications technologies that encourage broad participation.	Ongoing Compliance	PacifiCorp has pursued an open and collaborative approach to involve state regulatory agencies, customers and other stakeholders in its Integrated Resource Plan development. The cornerstone of the public input process has been full-day meetings throughout the yearlong plan development period. These meetings have been held jointly in Salt Lake City and Portland, using telephone and videoconferencing technology. Copies of presentations from the public input sessions are available on the company's web site at the following link: http://www.pacificorp.com/es/irp/pip.html .
49	Reporting on Status of Commitments: By June 1, 2007 and each June 1 thereafter through June 1, 2011, PacifiCorp will file a report with the Commission regarding the implementation of the Commitments. The report will, at a minimum, provide a description of the performance of each of the commitments that have quantifiable results. If any of the commitments is not being met, relative to the specific terms of the commitment, the report shall provide proposed corrective measures and target dates for completion of such measures. PacifiCorp will make publicly-available at the Commission non-confidential portions of the report.	Ongoing Compliance	This report, covering activity from April 1, 2009 through March 31, 2010 will be filed by June 1, 2010.

52	Upon closing, MEHC and PacifiCorp commit to immediately evaluate increasing the generation capacity of the Blundell geothermal facility by the amount determined to be cost-effective. Such evaluation shall be summarized in a report and filed with the Commission concurrent with the filing of PacifiCorp's next IRP. This incremental amount is expected to be at least 11 MW and may be as much as 100 MW. All cost effective increases in Blundell capacity, completed before January 1, 2015, should be counted toward satisfaction of PacifiCorp's 1400 MW renewable energy goal, in an amount equal to the capacity of geothermal energy actually added at the plant. U5	PacifiCorp and MEHC commit to maintaining sufficient operations and front line staffing to provide safe, adequate and reliable service in recognition of the level of load and customer growth in Utah.	Ongoing Compliance	Rocky Mountain Power is continuing a number of initiatives to ensure sufficient staffing to complete the required operations maintenance and construction work load: (1) Actively recruiting qualified candidates to fill technical craft vacancies due to retirement and attrition: journeyman lineman, estimator, substation, relay, electronic, meterman and distribution dispatch. (2) Nine journeyman positions were added in key areas throughout the service territory. (3) Six operations assistant managers were hired in an effort to increase bench strength and back-fill vacancies due to retirement. (4) Stranded labor resources temporarily re-assigned to close geographic locations where construction and maintenance work is available to avoid forced workforce reductions of craft labor. (5) Recruitment for pre-apprentice positions is temporarily delayed due to the slow economy. The final 12 skilled groundmen were transitioned into apprentice lineman positions July 2009.
U6	PacifiCorp and MEHC commit to increasing the number of corporate and senior management positions in Utah to better reflect the relative size of Utah's retail load compared to the retail loads of the other states. Positions to be examined will include, but not be limited to, engineering, purchasing, information technology, land rights, legal, commercial transactions and asset management. By September 1, 2007, MEHC and PacifiCorp will file a plan with the Commission that explicitly sets forth: (1) senior management positions (and associated corporate personnel positions identified by those senior managers) that have been identified for location in Utah; (2) the timeframe for implementing different stages of the plan; and (3) an economic analysis supporting the cost effectiveness of the plan. U7	PacifiCorp and MEHC will authorize senior management personnel located in Utah to make decisions on behalf of PacifiCorp pertaining to (1) local Utah retail customer service issues related to tariff interpretation, line extensions, service additions, DSM program implementation and (2) customer service matters related to adequate investment in and maintenance of the Utah sub-transmission and distribution network and outage response. For resource transactions in Utah related to special retail contracts and QF contracts, PacifiCorp and MEHC will authorize Utah-based personnel to negotiate contract terms consistent with system-wide prudent practices. Such decisions will be subject to normal and prompt corporate approval procedures, senior executive approval and board approval, as appropriate. MEHC and PacifiCorp will include a description of the implementation of this commitment in the filing required in Commitment U 6.	COMPLETE	COMPLETE – effective August 31, 2007.
U8	The Chairman of the Board of PacifiCorp and the President of PacifiCorp will meet at least annually with the Utah Public Service Commission to discuss (1) corporate presence status, plans and commitments, and (2) customer service issues. Senior executives of MEHC and PacifiCorp will also meet regularly with the Division of Public Utilities and the Committee of Consumer Services to discuss regulatory and customer service issues, including the issues discussed at the meetings among the Chairman of the Board of PacifiCorp, the President of PacifiCorp and the Commission.	Ongoing Compliance	Greg Abel and Rich Walje met with the Public Service Commission of Utah December 2, 2009. The 2010 annual meeting with the Commission is scheduled for July 1, 2010.
U9	PacifiCorp will provide semi annual reports to the Commission and members of the Service Quality Review Group describing PacifiCorp's performance in meeting service standard commitments, including both performance standards and customer guarantees.	Ongoing Compliance	Service standard reports covering the period January through June 2009 were submitted on July 31, 2009. Service standard reports covering the period January through December 2009 were submitted on February 25, 2010.
U10	PacifiCorp will provide to the Division of Public Utilities and the Committee of Consumer Services, on an informational basis, credit rating agency news releases and final reports regarding PacifiCorp when such reports are known to PacifiCorp and are available to the public.	Ongoing Compliance	Reports have been provided per the requirement.
U11	MEHC commits that immediately following the closing of the transaction, the acquiring company (PPW Holdings LLC) will have no debt in its capital structure. MEHC and PacifiCorp commit to provide the Commission 30 days prior notice if PPW Holdings LLC ever intends to issue debt. MEHC and PacifiCorp acknowledge that if PPW Holdings LLC does issue debt, the Commission has the authority to consider whether additional ring-fencing provisions may be appropriate.	Ongoing Compliance	No debt has been issued by PPW Holdings, LLC.
U12	PacifiCorp commits to apply to the Commission for approval of security issuances pursuant to Utah Code Annotated 54-4-31 and to not seek exemption from this requirement for twelve months following the closing of this transaction.	COMPLETE	COMPLETE – effective May 10, 2007.
U13	PacifiCorp commits to provide written notice to the Commission pursuant Utah Code Annotated 54-4-27 before any dividends are paid by PacifiCorp.	Ongoing Compliance	No action was required through March 31, 2010, as no common dividends have been paid by PacifiCorp. Preferred dividends continue to

U14	PacifiCorp commits to continue to provide the Division of Public Utilities and the Committee of Consumer Services at the same time as the Commission with the filings, data and documents made with or provided to the Commission pursuant to Commitments 3, 4, 8, 11(c), 13, 18, 49, U 2, U 3, U 9, U 11, U 12, U 13, U 20 and U 21 at the same time as filed with the Commission. PacifiCorp will make publicly-available at the Commission non-confidential portions of the report.	Ongoing Compliance	All relevant filings made with the commission have also been provided to the DPU and CCS.
U15	<p>MEHC and PacifiCorp commit to form within 60 days of close of the transaction an IGCC Working Group, sponsored by PacifiCorp to discuss various policy and technology issues associated with IGCC, carbon capture, and sequestration. Working Group members would include representatives from major stakeholder and regulatory groups, PacifiCorp and MEHC officials, and others as appropriate. Some issues and challenges to development that would be considered by the Working Group would include:</p> <ul style="list-style-type: none"> • the status of development of carbon sequestration policy and methods, including requirements for monitoring and verifying sequestration options; • information sharing, so that, to the extent possible, all parties develop a shared understanding of expected IGCC technology benefits, expected capital and O&M costs, and potential risks; • information sharing to understand such terms and associated requirements with concepts such as "carbon capture ready" and "permanent sequestration"; • issues related to technology of and permitting for IGCC air emissions, waste disposal, water use and site usage; • commercial terms and conditions associated with IGCC plant development, construction, and maintenance; and • implications of SB 26 on development of IGCC plants given the implications of long development lead times, development costs, project risk, and cost uncertainty. <p>The IGCC Working Group would meet periodically to discuss the above issues and identify possible solutions, and to stay abreast of the evolving technology and commercial environment.</p>	COMPLETE	COMPLETE – effective March 27, 2008.
U16	<p>MEHC and PacifiCorp commit to the following.:</p> <p>a) MEHC and PacifiCorp commit to study the economics and viability of an IGCC option and will present the results of this study as a resource alternative to inform the resource selection and RFP process under consideration in Docket 05-035-47. PacifiCorp will also file the results of this study and the draft RFP with the Commission pursuant to the provisions of SB 26. PacifiCorp will suggest procedural schedules that will facilitate this commitment. As soon as practical, but not later than three months after the closing of the transaction, PacifiCorp will provide to the parties estimated cost and timeline ranges for completion of an IGCC project, as well as potential resource alternatives if an IGCC design is not reasonably achievable in time to economically meet the resource need presently identified in 2012</p>	COMPLETE	COMPLETE – effective March 27, 2008.

	<p>from a customer and shareholder perspective.</p> <p>b) PacifiCorp will perform initial conceptual and siting studies, general feasibility studies, and, where appropriate, other more detailed studies and engineering work, for an IGCC plant for the 2014 resource need identified in the October 2005 IRP Update. The studies will include an evaluation of the expected cost and performance impacts of constructing a plant to be carbon capture ready. These studies will be performed in parallel with similar studies to evaluate other generation technologies. Such studies will be completed within the next IRP cycle.</p> <p>c) PacifiCorp will include a utility self-build option of an IGCC unit in any RFPs for the 2014 and later non-renewable resource needs, whether or not the IGCC option is found to be PacifiCorp's preferred cost-based alternative, and present PacifiCorp's evaluation of the IGCC option against another self-build alternative(s) as part of the Utah SB 26 process. This will include an evaluation of the cost and performance impacts of the IGCC resource being constructed to be carbon capture ready.</p>		
U17	<p>PacifiCorp agrees to include the following items in the 2006 IRP:</p> <p>a) a wind penetration study to reappraise wind integration costs and cost-effective renewable energy levels; and</p> <p>b) an assessment of transmission options for PacifiCorp's system identified in the RMATS scenario 1 related to facilitating additional generation at Jim Bridger and, on equal footing, new cost-effective wind resources.</p>	COMPLETE	COMPLETE – effective May 30, 2007.
U18	<p>PacifiCorp will issue a Utah-specific RFP for the Blue Sky programs. The purpose of the RFP will be to better geographically balance Blue Sky block product demand and supply. Subject to any necessary counterparty confidentiality releases, PacifiCorp will provide information on the identity, vintage and location of generation associated with its annual procurement for Blue Sky to the Commission and other interested parties, upon request. PacifiCorp will meet annually with interested parties to discuss state-specific program opportunities while maintaining attractive prices to customers.</p>	Ongoing Compliance	<p>Utah Specific RFP for Blue Sky Programs -- COMPLETE - effective November 14, 2006.</p> <p>Meeting with interested parties -- On August 12, 2009, Rocky Mountain Power hosted the annual community project selection meeting. During the meeting a review of the program and available fund balance was provided and the renewable energy expert contracted with for the year provided a review of applications received and their evaluation of potential projects for the selection team to consider. Community-based renewable projects are selected during this meeting for Rocky Mountain Power.</p> <p>On January 11, 2010, Rocky Mountain Power filed tariff Advice No. 10-01 requesting modifications to the tariff schedules 70 and 72 through which Rocky Mountain Power's Blue Sky program is offered in Utah. The filing requested that pipeline and irrigation canal hydroelectric projects be added to the list of resources eligible for support under the Blue Sky program. In response to this filing, on February 9, 2010, the Blue Sky program manager and regulation staff members participated in a conference call with representatives from the Utah Department of Public Utilities and Utah Consumer Services Division to discuss the request and respond to questions raised.</p> <p>The Blue Sky Annual Report was provided to the Utah Public Service</p>

U19	For the purpose of rate cases and formal regulatory proceedings, PacifiCorp will provide parties to the stipulation filed in the acquisition docket who are intervenors in the rate case or formal regulatory proceeding with access, subject to Commitment 32 and the discovery rules of the Commission, to its financial books and records, including documents, data, and records of transactions between PacifiCorp and its affiliated interests which are relevant to issues in the docket.	Ongoing Compliance	Upon request of a stipulating party, PacifiCorp has and will continue to provide appropriate responses and/or access to financial books and records, including relevant documents, date and records of transactions between PacifiCorp and its affiliated interests.
U20	At the time of the closing of the transaction, MEHC will file with the Commission a letter from Berkshire Hathaway committing to be bound by Commitments 4 and 5 and any other commitments applicable to affiliates of MEHC.	COMPLETE	COMPLETE – effective March 21, 2006.
U21	MEHC and PacifiCorp will request Commission approval, for cost allocation and affiliate transaction purposes, of the IASA and any amendments filed pursuant to Commitment 13.	Ongoing Compliance	No amendments were made to the IASA approved on October 6, 2006.
U22	Applicants acknowledge that the Commitments are being made by MEHC and PacifiCorp and are binding only upon them (and their affiliates where noted). Applicants are not requesting in this proceeding a determination of the prudence, just and reasonable character, rate or ratemaking treatment, or public interest of the investments, expenditures or actions referenced in the Commitments, and the Parties in appropriate proceedings may take such positions regarding the prudence, just and reasonable character, rate or ratemaking treatment, or public interest of the investments, expenditures or actions as they deem appropriate.	Ongoing Compliance	No action required unless specified activities occur.
U23	PacifiCorp intends to file its next Utah general rate case, including its direct revenue requirement testimony, by March 1, 2006. PacifiCorp will file its class cost of service, rate spread and rate design studies and supporting direct testimony (together referred to as "Cost of Service Filing") by March 15, 2006. For purposes of that rate case proceeding only, PacifiCorp's March 1, 2006 filing will constitute the date when "the utility's schedules are filed" that starts the 240 day time limit ("Rate Effective Date") wherein the Commission must issue its order granting or revising a revenue increase under Utah Code section 54-7-12(3)(b)(i). That March 1, 2006 testimony will include PacifiCorp's best estimates of the revenue requirement impact of the transaction, including revenue requirement adjustments that incorporate Commitments 37 and 38 to the extent that those commitments are applicable to the rate case test period. PacifiCorp will request that the Commission hold a test period hearing within 90 days after the March 1, 2006 filing. In addition, within fifteen days after closing, PacifiCorp will file supplemental testimony by an MEHC witness to discuss and update	COMPLETE	COMPLETE – effective April 5, 2006. An ECAM filing was made March 16, 2009, three months in advance of the June 2009 general rate case filing.

In order to provide parties with time to address any additional information provided in the MEHC testimony, PacifiCorp will extend the Rate Effective Date to December 11, 2006. If the transaction closes after April 30, 2006, or PacifiCorp fails to file supplemental testimony within fifteen days of closing, PacifiCorp acknowledges that the Rate Effective Date may be further extended by a reasonable period of time, as determined by agreement of the parties or by the Commission. PacifiCorp hereby waives any claim or argument that an additional extension of the Rate Effective Date would violate the provisions of Utah Code section 54-7-12 (3)(b)(i).</p> <p>PacifiCorp also commits that any request for Commission approval of a PCAM mechanism (or any net power cost adjustment mechanism) will be filed at least three months in advance of a general rate case filing and that intervenor testimony deadlines will be the same as those established in the general rate case.</p>		
U24	PacifiCorp commits to work with the Utah DSM Advisory Group to propose a tariff amendment to maximize the cost-effective electricity savings of Utah ratepayer contributions to federally funded weatherization programs. As part of this analysis, PacifiCorp agrees to re-examine its current Company policy of matching federal contributions at 50%.	COMPLETE	COMPLETE – effective February 20, 2007.
U25	MEHC and PacifiCorp commit up to a total contribution level for Utah low – income bill payment assistance in the amount of \$400,000 annually, for a five- year period beginning July 1, 2006. The contributions may be comprised of contributions from corporate, employee, other sources, and customer donations. The corporate contribution will be recorded in non-utility accounts. Before the end of the five-year period, MEHC and PacifiCorp commit to work with low income advocates and customer groups to evaluate additional contributions.	Ongoing Compliance	<p>The third year of this five year commitment was completed as of August 1, 2009. Contributions totaling \$400,000 were received by the American Red Cross, the agency that administers Lend-A-Hand, for the program year ending June 30, 2009. Of that total, PacifiCorp's share was \$281,272 and the balance of donations came from all other contributors.</p> <p>PacifiCorp will work with low income advocates and agencies in 2010 to help determine the future direction of funding as this commitment will be fulfilled by July 2011.</p>
U26	MEHC commits to provide shareholder funding to hire a consultant to study and design for possible implementation of an arrearage management project for low-income customers that could be made applicable to Utah and other states that PacifiCorp serves. PacifiCorp will provide a resource for facilitation of a working group to oversee the project. The study shall commence no later than 180 days after close of the transaction and be completed, through the issuance of a formal report to the Commission, no later than 365 days after close of the transaction. MEHC recognizes that such a program may have to be tailored to best fit the unique low-income environment of each individual state. The project will be developed by PacifiCorp in conjunction with the relevant regulatory and governmental agencies, low-income advocates and other interested parties in each state that is interested in participating. The goals of the project will include reducing service terminations, reducing referral of delinquent customers to	COMPLETE	COMPLETE – effective March 20, 2007.

U27	[Intentionally Left Blank.]	Intentionally left blank	This commitment number has been intentionally left blank.
U28	MEHC and PacifiCorp will supplement the report filed with the Commission, the Division and the Committee, pursuant to Commitment 49, by including information regarding the implementation of each of the Utah-Specific Commitments, U 1 through U 27 and U 29 through U 46.	Ongoing Compliance	This report satisfies this commitment for 2010.
U29	Within three months of closing of the transaction, MEHC commits to obtain a non-consolidation opinion that demonstrates that the ring fencing around PPW Holdings LLC is sufficient to prevent PPW Holdings LLC and PacifiCorp from being pulled into an MEHC bankruptcy. MEHC commits to promptly file such opinion with the Commission. If the ring-fencing provisions of this agreement are insufficient to obtain a non-consolidation opinion, MEHC agrees to promptly undertake the following actions: a) Notify the Commission of this inability to obtain a non-consolidation opinion. b) Propose and implement, upon Commission approval, such ring-fencing provisions that are sufficient to prevent PPW Holdings LLC from being pulled into an MEHC bankruptcy. c) Obtain a non-consolidation opinion.	COMPLETE	COMPLETE – effective June 9, 2006.
U30	MEHC and PacifiCorp commit that PacifiCorp will not make any dividends to PPW Holdings LLC or MEHC if PacifiCorp's unsecured debt rating is BBB- or lower by S & P or Fitch (or Baa3 or lower by Moody's), as indicated by two of the three rating agencies.	Ongoing Compliance	The rating requirement has been added to the list of tests to be performed prior to PacifiCorp declaring dividends on common stock.
U31	To the extent available, MEHC and PacifiCorp commit to have 400 MW of cost effective new renewable resources in PacifiCorp's generation portfolio by December 31, 2007. The 400 MW will include Wolverine Creek (64.5 MW) and Cove Fort (42 MW). MEHC and PacifiCorp will analyze the projects consistent with applicable regulatory rules and orders in effect at the time and as informed by the IRP. Resource identification shall be performed using an RFP procedure. If PacifiCorp fails to meet this 400 MW target it will disclose to signatories (excluding any bidders and affiliates of bidders) the cost-effectiveness analysis it used when rejecting the lowest cost projects. PacifiCorp shall file a report, on the status of meeting this target, with the Commission no later than six months after close of the transaction. In evaluating acquisition of renewable energy, all other things being equal, MEHC and PacifiCorp will not prefer ownership of facilities.	COMPLETE	COMPLETE – effective December 31, 2007.
U32	MEHC and PacifiCorp commit that they will interpret Utah Code Annotated Section 54-4-28 to require Commission approval of any transaction which results in a merger of PacifiCorp with another public utility, without regard to	Ongoing Compliance	No additional action required unless specified activities occur.

U33	MEHC and PacifiCorp will support cost effective and safe community renewable energy projects in Utah using PURPA contracts implemented under avoided cost tariffs approved by the Commission. If PURPA is no longer in effect in Utah before an alternate market for community renewable energy is developed, PacifiCorp will work with Utah stakeholders and the Commission to develop replacement procedures for new contracts. For the purpose of this Commitment, community renewable energy projects are defined as: Locally owned renewable energy projects. Normally 1-10 MW standard contract PURPA projects and industrial co-gen type projects between 10 MW and 99 MW that use negotiated PURPA contracts. Projects can be: 1. Private ownership (example – several farmers in a wind project); 2. Municipal ownership (irrigation district small-hydro or local school; wind turbine); or 3. Combined municipal/private ownership projects (local community partnered with landowners).	Ongoing Compliance	Since April 1, 2009, PacifiCorp renewed PURPA contracts with one small hydro project totaling 0.85 MW. The company has received 25 requests for PURPA projects totaling 86 MW comprised of wind and solar. Of these requests, four projects totaling 55 MW are actively being managed.
U34	To the extent consistent with the interests of PacifiCorp's retail customers, MEHC and PacifiCorp will support through action and policy the emerging community renewable energy market in Utah. PacifiCorp will also consult with community renewable energy representatives if PacifiCorp is contemplating changes to system operations that would adversely affect community renewable energy projects.	Ongoing Compliance	No system changes contemplated.
U35	Water Rights agreements will be abided by MEHC and PacifiCorp.	Ongoing Compliance	No action required.
U36	MEHC and PacifiCorp will provide the Commission access to corporate minutes, including Board of Director's minutes and all committee minutes, along with any related source documents that are relevant to the business and risk analysis of PacifiCorp. PacifiCorp and the Division of Public Utilities will establish an agreeable procedure to review these confidential documents in Portland, Oregon or Salt Lake City, Utah.	Ongoing Compliance	No action required unless specified activities occur.
U37	MEHC and PacifiCorp will provide the Commission access to operational, internal and risk audit reports and documentation. PacifiCorp and the Division of Public Utilities will establish an agreeable procedure to review these confidential documents and the timeline to provide an annual listing of such audits.	Ongoing Compliance	No action required unless specified activities occur.
U38	A near-final draft agreement for PPW Holdings LLC that contains the ring-fencing provisions of Commitment 11 was sent to the Division of Public Utilities before January 15, 2006. The final signed agreement will be filed with the Commission within 30 days after the close of the transaction.	COMPLETE	COMPLETE – effective April 18, 2006.
U39	Within 30 days of the close of the transaction, PacifiCorp will provide the Commission with a written list of changes that were made to employee benefit plans between the announcement of the transaction and the close of the transaction. PacifiCorp and MEHC will provide 30 days' notice to the Commission prior to merging PacifiCorp's pension with the pension plan of	Ongoing Compliance	Written list of changes – COMPLETE – effective April 19, 2006. U41	MEHC and PacifiCorp commit that PacifiCorp will not directly own equity shares of either Berkshire Hathaway or MEHC, if MEHC were ever to become publicly traded.	Ongoing Compliance	No additional action required unless specified activities occur.
U42	MEHC commits to provide 30 days' notice to the Commission if it intends to create a corporate entity between PPW Holdings LLC and MEHC. MEHC further states that it has no current intention to create such a corporate entity.	Ongoing Compliance	No additional action required unless specified activities occur.
U43	<p>With respect to any proceeding, including but not limited to any rate case, tariff filing, pass-through application, show cause, complaint or other proceeding, wherein PacifiCorp's Utah retail rates are based, in whole or in part, upon PacifiCorp's wholesale power transactions, PacifiCorp and MEHC acknowledge that the Commission has jurisdiction to determine the prudence of PacifiCorp's wholesale power transactions and whether PacifiCorp's retail rates are just and reasonable. To the extent PacifiCorp contends the Commission is required to include the costs of the wholesale power transactions in Utah retail rates, PacifiCorp and MEHC commit that PacifiCorp will raise and litigate such issues before the Commission. To the extent decisions regarding such issues are within the areas reserved to the exclusive jurisdiction of the Commission, PacifiCorp and MEHC agree that any challenge to the Commission order will be in the form of an appeal of that order.</p> <p>In the event PacifiCorp anticipates a court challenge to a Commission order that would trigger the provisions of Commitment U 43, PacifiCorp will (1) seek a rehearing of such Commission order; and (2) identify in writing in its petition for rehearing those contested issues which it believes are and are not within the areas reserved to the exclusive jurisdiction of the Commission.</p>	Ongoing Compliance	No action required unless specified activities occur.
U44	MEHC and PacifiCorp support making wind generation in Utah an important part of PacifiCorp's renewable resource portfolio to the extent that it is cost-effective to do so. MEHC and PacifiCorp will give appropriate consideration to Utah wind generation in performing Commitments 40, 53, U 17 and U 31.	Ongoing Compliance	The company has received 4 PURPA contract requests totaling 40 MW from wind projects in Utah. These requests are being managed.
