*Re: Questar Gas Company's 2009 FERC Form 2: Annual Report*

Dear Ms. Benvegna-Springer:

Pursuant to Utah Admin. Code R. 746-400-5, and your letter dated January 25, 2010, Questar is providing three originals of its 2009 FERC Form 2: Annual Report of Major Natural Gas Companies.

Pages 310 through 313a, 332, and 333 of this document include data regarding customer-specific information in addition to sensitive information about Questar Gas and affiliate company reserve volumes. Questar Gas requests that these pages be treated confidentially. Pursuant to Utah Code Ann. § 63G-2-101 (2009) and to Utah Admin. Code R. 746-400-16, certain information has been redacted on these pages in the bound document and the pages have been stamped accordingly. If disclosed to the general public, this information could subject Questar Gas to an unfair competitive injury with respect to other producers as well as purchasers of natural gas. Ultimately, this could have an adverse rate impact on Questar Gas' customers.

I have enclosed pages 310 through 313a, 332, and 333, copied on yellow paper and stamped "CONFIDENTIAL--SUBJECT TO UTAH PUBLIC SERVICE COMMISSION RULE 746-100-16," to be filed separately from the bound Annual Report, to avoid public review. It is our understanding that Questar Gas will be notified if these pages are not classified as confidential.

Very truly yours,

JRN/gj
