Re: **Notice Pursuant to *Utah Code Ann. § 54-17-502(2)(e)***

Dear Commissioners:

Pursuant to Utah Code Ann. § 54-17-502(2)(e), Rocky Mountain Power hereby advises the Public Service Commission of Utah that Rocky Mountain Power reasonably anticipates that it will acquire at least one renewable resource during the year 2012. Pursuant to ORS 757.370, the Oregon Photovoltaic Capacity Standard, the Company reasonably expects to acquire a small solar project that would come into service during 2012. If acquired, the size of the solar resource is anticipated to be two megawatts or less. In addition, the Company intends to make improvements to certain of its hydro resources.

Please feel free to direct any inquiries regarding this matter to Dave Taylor, at 801.220.2923, or, myself at the number indicated above.

Sincerely,

Yvonne R. Hogle
