To Whom It May Concern:

Element Markets, LLC, is authorized by the Center for Resource Solutions' Green-e Energy program to sell certain of its Renewable Energy Certificates (RECs)/renewable electricity as Green-e Energy Certified. A REC is a tradable commodity representing the environmental attributes of 1 MWh of electricity generated from a renewable source. As part of Element Markets' reporting requirement to Green-e Energy, this letter is to inform you of electricity generated in 2009 by Seven Mile Hill I located in Carbon County, Wyoming that was sold to PacifiCorp. The electricity was provided to PacifiCorp without the environmental attributes, while the associated RECs were purchased by Element Markets, LLC and then sold to a third party. Under the rules of Green-e Energy, Element Markets must notify relevant regulatory authorities that Element Markets, LLC sold the RECs associated with the generation for which PacifiCorp purchased the power.

Generator: Seven Mile Hill I  
Number of RECs: 14,866  
Period Generated: Q1 2009  
Purchaser of RECs: Element Markets, LLC  
Purchaser of Power: PacifiCorp
