**Re: Notice of Sole Source Contract with Eastern Idaho Community Action Partnership
and Southeastern Idaho Community Action Agency**

Commissioners:

In accordance with the Company's procurement policy, we hereby notify you that PacifiCorp has entered into sole source contracts with Eastern Idaho Community Action Partnership (EICAP) and Southeastern Idaho Community Action Agency (SEI CAA) which exceed \$500,000. The contracts for low income weatherization services have a projected cost of \$1,000,000 and \$500,000 respectively over a five year period.

Rocky Mountain Power provides low income weatherization assistance to customers in our Idaho service territory. The Company contracts with EICAP and SEICAA to provide these services. These agencies are the only agencies qualified to provide these services in Rocky Mountain Power's Idaho service territory. The State of Idaho authorizes both EICAP and SEICAA to receive Department of Energy funding which can be combined and leveraged with the funds provided by Rocky Mountain Power. The costs of the Idaho low income weatherization assistance is directly assigned to the State of Idaho.

The sole source procurement contracts were authorized on January 24, 2011, by Richard Walje, President, Rocky Mountain Power.

If you have any questions, please feel free to contact Dave Taylor at 801-220-2923.

Sincerely,

Jeffrey K. Larsen
Vice President, Regulation
