SECTION 2 - RULES AND REGULATIONS

2.1 Undertaking of the Company

The services of the Company offered pursuant to this price list are furnished for high speed digital access and high capacity private line services. The Company may offer these services over leased, unbundled or resold facilities.

The Company installs, operates, and maintains the telecommunications services provided hereunder in accordance with the terms and conditions set forth under this price list. The Company may act as the Customer's agent for ordering access connection facilities provided by other carriers or entities as required in the Regulatory Authority's rules and orders, when authorized by the Customer, to allow connection of a Customer's location to the Company's network. The Customer shall be responsible for all charges due for such service arrangement as listed in Section 3 as well as any pass through charges billed by other carriers or entities.

The Company's services and facilities are provided on a monthly basis unless otherwise indicated and are available twenty-four hours per day, seven days per week.

Issued: September 23, 2011

Effective: September 24, 2011

SECTION 2 - RULES AND REGULATIONS (CONT'D.)

2.7 Equipment

- 2.7.1 The Company's facilities and service may be used with or terminated in Customer-provided terminal equipment or Customer-provided communications systems. Such terminal equipment shall be furnished and maintained at the expense of the Customer, except as otherwise provided. The Customer is responsible for all costs at his or her premises, including personnel, wiring, electrical power, and the like, incurred in the use of the Company's service. The Customer is responsible for ensuring that Customer-provided equipment connected to Company equipment and facilities is compatible with such equipment and facilities.
- 2.7.2 The Company shall use reasonable efforts to maintain facilities and equipment that it furnishes to the Customer. The Customer may not, nor may the Customer permit others to, disconnect, rearrange, remove, attempt to repair or otherwise interfere with any of the facilities or equipment installed by the Company, except upon the written consent of the Company.
- 2.7.3 Equipment the Company provides or installs at the Customer's premises for use in connection with services the Company offers shall not be used for any purpose other than that for which the Company provided it.
- 2.7.4 The Customer shall be responsible for payment of service charges, as set forth herein, for visits by the Company's agents or employees to the premises of the Customer when the service difficulty or trouble report results from the use of equipment or facilities provided by any party other than the Company, including but not limited to the Customer.
- 2.7.5 The Company shall not be responsible for the installation, operation or maintenance of any Customer-provided equipment. Where such equipment is connected to the facilities furnished pursuant to this price list, the responsibility of the Company shall be limited to the furnishing of facilities offered under this price list and to the maintenance and operation of such facilities. Subject to this responsibility, the Company shall not be responsible for the transmission of signals by Customer-provided equipment or for the quality of, or defects in, such transmission or; the reception of signals by Customer-provided equipment.

SECTION 2 - RULES AND REGULATIONS (CONT'D.)

2.8 Payment for Service

- 2.8.1 The Customer is responsible for payment of all charges for services and equipment furnished to the Customer or to an authorized user of the Customer by the Company. Bill payment is due ten (10) days after the invoice date of five (5) days after the date of mailing, whichever is later. All charges due by the Customer are payable to the Company or to any agency duly authorized to receive such payments. Service is provided and billed on a monthly basis in arrears. The Customer's bill will be prorated for a fraction of the service if service begins and/or ends after the first of the month.
- 2.8.2 The Company's billing invoices will be considered correct and binding upon the Customer if no written notice is received from the Customer within fifteen (15) days of the date of the invoice. Adjustments to Customer's bills shall be made to the extent circumstances exist which reasonably indicate that such changes are appropriate.
- 2.8.3 Upon receipt of a billing inquiry, charges involved in the disputed element(s) of the invoice will be temporarily suspended pending resolution of the dispute. The Customer, however, remains responsible for the timely payment of the non-disputed elements of the invoice.

SECTION 2 - RULES AND REGULATIONS (CONT'D.)

2.9 Cancellation by the Customer

- 2.9.1 Pending proper identification, the Customer may cancel service by providing notice to the Company.
- 2.9.2 Where an application for service is canceled by the Customer prior to the start of any design work or installation of facilities, no charge applies.
- 2.9.3 When an application which requires special design work is canceled after the design work has begun, the Company may collect charges equal to the cost incurred for the associated design work to date.
- 2.9.4 If cancellation is requested after completion of an installation, it will be treated as a discontinuance of service. Any minimum contract requirements of prescribed service will be application.

SECTION 2 - RULES AND REGULATIONS (CONT'D.)

2.10 Interconnection

Interconnection with the facilities or service of other carriers shall be under the applicable terms and conditions of the other carrier's price lists. The Customer is responsible for taking all necessary legal steps for interconnecting Customer-provided terminal equipment or communications systems with carrier's facilities. The Customer shall secure all licenses, permits, right-of-way, and other arrangements necessary for such interconnection. Any special interface equipment of facilities necessary to achieve compatibility between the facilities of the carrier and other participating carriers shall be provided at the Customer's expense.

SECTION 2 - RULES AND REGULATIONS (CONT'D.)

2.11 Refusal or Discontinuance by the Company

The Company may refuse, suspend or discontinue service under the following conditions without incurring any liability provided that, unless otherwise stated, the Customer shall be given seven (7) days written notice to comply with any rule or to remedy any deficiency.

- 2.11.1 For non-compliance with or violation of any State, municipal, or Federal law, ordinance or regulation pertaining to telecommunications service.
- 2.11.2 For use of telecommunications service for any property or purpose other than that described in the application.
- 2.11.3 For neglect or refusal to provide reasonable access to the Company or its agents for the purpose of inspection and maintenance of equipment owned by the Company or its agents.
- 2.11.4 For noncompliance with or violation of a Regulatory Authority regulation or the Company's rules and regulations on file with the Regulatory Authority.
- 2.11.5 For nonpayment of bills, including bills for any of the Company's other communication services, provided that suspension or termination of service shall not be made without five (5) days written notice to the Customer. However, residential basic local service shall not be disconnected for nonpayment for at least thirty (30) days from the date of the bill, and the Company has given the Customer a written notice of the proposed disconnection at least five (5) days before the date of disconnection.
- 2.11.6 Without notice in the event of Customer or authorized user use of equipment in such a manner as to adversely affect the Company's equipment or service to others.
- 2.11.7 Without notice in the event of tampering with the equipment or services owned by the Company or its agents.
- 2.11.8 Without notice in the event of unauthorized or fraudulent use of service. Whenever service is discontinued for fraudulent use of service, the Company may, before restoring service, require the Customer to make, at his or her own expense, all changes in facilities or equipment necessary to eliminate illegal use and to pay an amount reasonably estimated as the loss in revenues resulting from such fraudulent use.
- 2.11.9 Without notice by reason of any order or decision of a court or other government authority having jurisdiction which prohibits the Company from furnishing such services.

Issued: September 23, 2011

Effective: September 24, 2011

SECTION 2 - RULES AND REGULATIONS (CONT'D.)

2.12 Inspection, Testing, and Adjustment

Upon reasonable notice, the facilities provided by the Company shall be made available to the Company for tests and adjustments as may be deemed necessary by the Company for maintenance. No interruption allowance will be granted for the time during which such tests and adjustments are made.

2.13 Interruption of Service

2.13.1 Credit allowances for interruptions of service which are not due to the Company's testing or adjusting, to the negligence of the Customer, or to the failure of channels, equipment or communications systems provided by the Customer, are subject to the general liability provisions set forth in Section 2.4 herein. It shall be the obligation of the Customer to notify the Company immediately of any interruption in service for which a credit allowance is desired by the Customer. Before giving such notice, the Customer shall ascertain that the trouble is not within his or her control, or is not in wiring or equipment, if any, furnished by the Customer and connected to the Company's terminal. Interruptions caused by Customer-provided or Company-provided automatic dialing equipment are not deemed an interruption of service as defined.

2.13.2 In the event of a service interruption for 8 hours or more during a continuous 24 hours period, the Customer will receive a credit proportional to the duration of the service interruption. Each occurrence of the loss of service for 8 hours during the 24 hour time period counts as one day.

2.14 Cost of Collection and Repair

The Customer is responsible for any and all costs incurred in the collection of moneys due the Company including legal and accounting expenses. The Customer is also responsible for recovery costs of Company-provided equipment and any expenses required for repair or replacement of damaged equipment.

Issued: September 23, 2011

2.15 Returned Check Charge

A fee of \$20.00 may be charged for each check returned for insufficient funds.

2.16 Service Implementation

Absent a promotional offering, service implementation charges as listed in Section 3 will apply per service order to a new service order or to orders to change existing service as specified in Section 3.

2.17 Reconnection Charge

A reconnection fee per occurrence may be charged when service is re-established for Customers who have been disconnected for non-payment, and is payable at the time that the restoration of suspended service and facilities is arranged. If a Customer premises visit is required, an additional fee may be charged. Reconnection charges are listed in Section 3.

2.18 Late Payment Charge

A late payment charge of 1.5% of unpaid balance after thirty (30) days may be charged per month.

SECTION 2 - RULES AND REGULATIONS (CONT'D.)

2.19 Special Construction

Subject to the agreement of the Company and to all of the regulations contained in this price list, special construction of facilities may be undertaken on a reasonable efforts basis at the request of the Customer. Special construction is construction undertaken:

- A. where facilities are not presently available, and there is no other requirement for the facilities so constructed;
- B. of a type other than that which the Company would normally utilize in the furnishing of its services;
- C. over a route other than that which the Company would normally utilize in the furnishing of its services;
- D. in a quantity greater than that which the Company would normally construct;
- E. on an expedited basis;
- F. on a temporary basis until permanent facilities are available;
- G. involving abnormal costs; or
- H. in advance of its normal construction.

The Customer will be charged for the special construction based upon engineering, labor and cost of materials. An estimate will be provided to the Customer before any construction is undertaken.

SECTION 3 - DESCRIPTION OF SERVICE

3.1 Description of Service

3.1.1 The Company provides data transport between End-Users and its Customers using a variety of digital transmission technologies, over the Company's own facilities and/or facilities of other carriers. Also, the Company provides high-speed network aggregation services for delivery of End-User network traffic to a Customer network presence. Aggregation services require a minimum of DS3 interface and are required for all Customer network service arrangements. DS3 aggregation transport services can be purchased from Company.

3.1.2 Depending on distance from the Company's facilities, service may not be available to all Customers. Special construction charges may apply in each case. Company's services are data services only and will not be accompanied by 411, 911, or other voice services. In addition to the charges specified for each service, additional charges may apply for transfers of data per month, at certain times, in excess of certain thresholds, or for certain billing, monitoring or other services. Other services may be provisioned by the company on an individual case basis (ICB), depending on such factors as length of loops involved, quality of loops and other factors.

3.2 Location of Service

This price list applies to the services offered by New Edge Network, Inc. d/b/a EarthLink Business II within the State of Utah.

Issued: September 23, 2011

Effective: September 24, 2011

SECTION 3 - DESCRIPTION OF SERVICE (CONT'D)

3.3 Rates and Charges (Cont'd.)

3.3.6 Explanation of Non-Recurring Charges

Standard Installation	Identification of copper loop at the MPOE (minimum or main point of entry); cross connection through existing riser cable to satellite terminal serving the end user; wiring from the riser cable to End User specified location; termination on an RJ-45 or equivalent outlet. Placement of the CPE (Customer Premise Equipment), connection to an existing 110v AC outlet and connection of the CPE to the RJ outlet using a provided cord. Continuity test from the CPE through the RJ jack and an end-to-end test with the Company's control center. Materials included: RJ outlet, cord and up to 50 feet of CAT 5 four pair PVC wire. Does not include any charges for additional conditioning of the copper loop by the ILEC.
Nonstandard Installation (materials extra)	Any installation requiring work beyond that included in the standard installation or requiring, multiple visits.
Reschedule visit due to lack of access	Applies if the Company's personnel are not able to perform an installation, move, or repair due to access not being provided by the End User during the agreed upon period. This charge does not apply if a request to reschedule is received at least 24 hours in advance of appointment scheduled during business hours, or 48 hours in advance of appointment scheduled for evening, weekends or holidays.
Standard Inside move	Moving existing service within area served by the same phone company MPOE. This is limited to the services provided in standard installation, including installing any necessary inside wiring and reinstalling the CPE.
Nonstandard inside move	Any movement of existing service within an area served by the same phone company MPOE that requires work beyond that included in the standard inside move or requiring multiple visits.
Outside Move	Moving existing service to an area serviced by a different main point of entry; this includes installing any necessary inside wiring and reinstalling the CPE. Includes downgrading speed if technically necessary.
Early Termination Fee	Applies to both Customer and End User Circuits that are terminated prior to the end of the minimum term.

Inside Wiring Repair	The inside wiring has been damaged and the Company is asked to perform repairs. This includes, but is not limited to, damage caused by negligence, fire, flood, and natural disasters.
Site survey (on request)	Identification of availability, type and length of loops at End User premises, and estimation of costs. Performed upon request only.
Facilities Management Riser Connection	The facilities management company, or equivalent, of the end user site requires its own employees or vendors to cross-connect an existing riser pair from the MPOE to the satellite terminal service the end user as part of an installation process.
ILEC Line Conditioning Charges	Charges for line conditioning (removal of bridge taps and/or load coils) may be assessed by the ILEC and passed through by New Edge. Line conditioning may be required in order to make an end user copper loop useable for DSL Services.
