Re: *Petition for a Rule Change to Adopt a Greenhouse Gas Reduction Plan in Order to Maintain the Integrity of the Atmosphere, a Public Trust Resource*

Dear Chairman Boyer:

Enclosed please find a Petition for Rule Change filed on behalf of nineteen Utah citizens requesting the promulgation of rules and other appropriate executive and administrative action to develop a long-range plan for developing and conserving Utah's utility resources in light of the threats associated with climate change and to fulfill the state of Utah's sovereign obligation to maintain the integrity of the climate as protected by our atmosphere, a public trust resource on which the public relies for health, safety, sustenance, and security—the basic necessities for a livable future.

Very truly yours,

Jamie Pleune
