---

Questar Gas Company (“Questar Gas”), by and through counsel, hereby petitions the Public Service Commission of Utah (“Commission”) for intervention in the above-captioned matter pursuant to Utah Code Ann. § 63G-4-207 and Utah Admin R746-100-7.

The grounds for the motion are as follows:

1. On July 18, 2011, Integrated Water Management, LLC (“IWM”) filed a Petition for Declaratory Order (“Petition”) seeking a Commission order declaring that “El Paso Midstream Investment Company would not be a statutory “gas corporation” subject to Commission regulation as a Public Utility if Questar Gas Company buys natural gas from it and in turn sells the gas to Integrated Water Management, LLC.” Petition at p. 4.

2. Questar Gas, a Utah corporation, is a public utility engaged in the distribution of natural gas primarily to customers in the states of Utah and Wyoming. Its Utah public utility activities are regulated by the Commission, and the Company's present rates, charges, and general conditions for natural gas service in Utah are set forth in the Questar Gas Company Utah Natural Gas Tariff PSCU No. 400 ("Tariff"). IWM's Petition specifically contemplates Questar Gas providing natural gas service to IWM.

3. Questar Gas seeks to intervene for purposes of protecting its interests with regard to the subject matter of the Petition, and with regard to regulatory issues raised in the Petition that may affect Questar Gas.

4. Questar Gas' intervention and participation in this matter will not materially impair the prompt and orderly conduct of this proceeding.

5. Questar Gas respectfully requests that this Petition to Intervene be afforded expedited review in order that Questar Gas may participate in the proceedings.

6. Questar Gas requests that copies of all notices and filings in this docket be served on:
