Re: Docket 08-035-55
Service Quality Standards – June 2012 Service Quality Review Report (Revised)

On December 10, 2012, Rocky Mountain Power filed the Service Quality Review Report for the period January through June 2012. On January 31, 2013, the Division of Public Utilities recommended that the Commission acknowledge that the report complies with the Commission's June 11, 2009 order in Docket No. 08-035-55. The Division also recommended that the Company re-file the Service Quality Review report correcting the titles of the Graphs under Sections 2.1 and 2.2 so that they do not suggest that the Company currently has an approved plan. A revised Service Quality Review Report with the recommended changes is attached.
