Re: Notice of Sole Source Contract with Emerson Process Management Power & Water Solutions

Commissioners:

In accordance with the Company's procurement policy, we hereby notify you that PacifiCorp has entered into a non-bid six month extension of a previously bid contract with Emerson Process Management Power & Water Solutions which exceeds \$500,000. The contract extension for has a projected cost of \$1,200,000.

Through its normal bid and procurement process, in June 2000, PacifiCorp entered into an Alliance Agreement with Emerson Process Management Power & Water Solutions for services at the Company's thermal generation fleet. That contract has been extended for a six month period while a new contract is rebid. During the contract extension Emerson will work on the Jim Bridger Unit 2 overhauls, evergreen upgrade and other projects at the Company's thermal plants.

The sole source procurement contracts were authorized on November 16, 2012, by Geoff Matthews, Vice President Supply and Chief Procurement Officer.

If you have any questions, please feel free to contact Dave Taylor at 801-220-2923.

Sincerely,

Jeffrey K. Larsen
Vice President, Regulation and Government Affairs
