Re: Notice of Sole Source Contracts with Alstom Power, Inc. at Hunter Unit One

Commissioners:

In accordance with the Company's procurement policy, we hereby notify you that PacifiCorp has entered into a non-bid extension of a contract with Alstom Power, Inc. that exceeds \$500,000. The estimated cost of the project is \$3,394,000.

In 2004 Alstom Power was awarded, through a competitive bid, a contract to provide NOx remediation modifications at the Hunter plant required to meet environmental regulations. The contract was issued for five year period with an option for four (4) two-year extensions. The overhaul schedules have been modified so that the NOx remediation modifications were not completed within the original estimated schedule necessitating exercising the option to extend the contract.

These sole source procurement contracts were authorized on June 19, 2013, by Geoff Matthews, Vice President Supply and Chief Procurement Officer.

If you have any questions, please feel free to contact Dave Taylor at 801-220-2923.

Sincerely,

Jeffrey K. Larsen
Vice President, Regulation & Government Affairs
