Re: **Sole Source Contract with Tetra Tech Inc.**

Commissioners:

In accordance with the Company's procurement policy, we hereby notify you that PacifiCorp Energy, a Division of PacifiCorp, has entered into a sole source contract extension with Tetra Tech Inc. The contract amount is \$915,000.

Tetra Tech has been providing technical support to PacifiCorp Environmental Remediation Company (PERCo) for work at the Thea Foss Waterway since 1998 under a competitive bid. PacifiCorp is currently in year 9 of a 10 year monitoring program of the waterway. Due to recontamination issues associated with storm water runoff, it is anticipated that the U.S. Environmental Protection Agency (EPA) will require additional monitoring following the close of the 10 year program. Tetra Tech is intimately familiar with the history of the design and cleanup of the head of the Thea Foss Waterway including the negotiation of the consent decree with the EPA. Tetra Tech has been retained to provide continued technical and negotiation support with this project.

This sole source procurement contract was authorized August 6, 2013, by Micheal Dunn, President, PacifiCorp Energy.

If you have any questions, please feel free to contact Dave Taylor at (801) 220- 2923.

Sincerely,

Jeffrey K. Larsen
Vice President, Regulation & Government Affairs
