Re: Notice of Sole Source Contract with Oracle America, Inc.

Commissioners:

In accordance with the Company's procurement policy, we hereby notify you that PacifiCorp has entered into a sole source contract with Oracle America, Inc. which exceeds \$500,000. The contract for software maintenance and support through August 2014 has a cost of \$802,189.

Oracle provides software maintenance and service for the Company's Enterprise and Real Application systems. This contract was originally competitively bid in 2009, but none of the eight bidders were able to provide the support and maintenance services required for these systems. Only Oracle is able to provide the technical assistance and maintenance service required for these software systems.

The sole source procurement contract was authorized August 19, 2013, by Robert Metcalf, Sr. Director - Technology Management and IT Infrastructure Services.

Sincerely,

Jeffrey K. Larsen
