Re: Notice of Sole Source Contract with J. H. Fletcher

Commissioners:

In accordance with the Company's procurement policy, we hereby notify you that PacifiCorp has entered into a sole contract with J. H. Fletcher. The estimated value of the contract is estimated to be \$965,636.

Energy West Mining Company has purchased a J. H. Fletcher CHDDR-13 Roof Bolter for use at the Deer Creek mine. Roof bolting machines are used to facilitate underground mining at Energy West Mining Company. Over the last several years the Company has installed and reviewed the performance of roof bolters from multiple manufacturers and has found that J. H. Fletcher offers the only machine design, layout, and drilling technology suited to Energy West's mining conditions and needs.

This sole source procurement contract was authorized on October 21, 2013 by Cindy Crane, Vice President Mining and Fuels.

If you have any questions, please feel free to contact Dave Taylor at 801-220-2923.

Sincerely,

Jeffrey K. Larsen
Vice President, Regulation & Government Affairs
