Re: Notice of Sole Source Contracts with Emerson Process Management Power & Water Solutions

Commissioners:

In accordance with the Company's procurement policy, we hereby notify you that PacifiCorp has entered into a non-bid contract with Emerson Process Management Power & Water Solutions that exceeds \$500,000. The estimated cost of the project is \$698,420.

The Jim Bridger plant uses the Ovation Evergreen digital control system. The current version of the system hardware and software, Ovation version 2.4, will no longer be supported. To protect the system components from obsolescence it is necessary to upgrade the current system hardware and software to Ovation version 3.5. Emerson is the original equipment manufacturer and the only know provider of the Ovation Evergreen System.

The sole source procurement contract was authorized on October 14, 2013, by Dana Ralston, Vice President Generation.

If you have any questions, please feel free to contact Dave Taylor at 801-220-2923.

Sincerely,

Jeffrey K. Larsen
Vice President, Regulation & Government Affairs
