Re: Notice of Sole Source Contracts with Alstom Power, Inc. at Jim Bridger Units 3 & 4

Commissioners:

In accordance with the Company's procurement policy, we hereby notify you that PacifiCorp has entered into a non-bid extension of a contract with Alstom Power, Inc. that exceeds \$500,000. The estimated cost of the project is \$2,449,000.

In 2004 Alstom Power was awarded, through a competitive bid, a contract to provide NOx remediation modifications required to meet environmental regulations at the Jim Bridger plant units 3 and 4. The contract was issued for five year period with an option for four (4) two-year extensions. The overhaul schedules have been modified so that the NOx remediation modifications were not completed within the original estimated schedule necessitating exercising the option to extend the contract.

The sole source procurement contract was authorized on July 22, 2013, by Chad Teply, Vice President, PacifiCorp.

If you have any questions, please feel free to contact Dave Taylor at 801-220-2923.

Sincerely,

Jeffrey K. Larsen
Vice President, Regulation & Government Affairs
