Re: Notice of Sole Source Contract with Sage Environmental LLC

Commissioners:

In accordance with the Company's procurement policy, we hereby notify you that PacifiCorp has entered into a sole source contract extension with Sage Environmental LLC which exceeds \$500,000. The estimated value of the contract is estimated to be \$675,000.

Sage Environmental is currently providing oversight for the Ogden Gas site remediation project. Sage has intimate knowledge of the site, installed all of the current monitoring equipment, and prepared the remediation plan. The original estimate for Sage was to provide oversight through mid-August 2014. Additional contamination, however, was found which has extended the remediation though mid-October. As Sage is familiar with the scope of the work to be performed, switching consultants at this stage of the project would not be efficient and lead to higher costs.

This sole source procurement contract was authorized on September 16, 2014, by Richard Walje, President, Rocky Mountain Power.

If you have any questions, please feel free to contact Dave Taylor at 801-220-2923.

Sincerely,

Jeffrey K. Larsen
Vice President, Regulation & Government Affairs
