Re: Action Request Response in Docket 14-999-02, Questar Confidential Semi-Annual Training Report.

On April 17, 2014 the Commission issued its Action Request to the Division of Public Utilities (Division) to: “review and evaluate the January 21, 2014 Questar Confidential Semi-Annual Safety Training report for compliance with the Commission’s November 20, 2008, Order Docket 07-057-04 concluded (after nearly two years of proceedings) with Commission approval of a settlement stipulation.

The Division is still in the process of evaluating the reports and performing its analysis as required by the Commission’s Action Request. The Division is waiting for additional data request responses from the Company and is hereby requesting that the Commission extend the due date of the Division’s response to the Action Request to July 11, 2014. This will allow the Division adequate time to complete the review and make recommendations if necessary.
