Re: PacifiCorp Notice of Affiliate Transaction  
Docket No. 05-035-54

Dear Mr. Widerburg:

Pursuant to Commitment U3(2), incorporated in the Public Service Commission of Utah's *Report and Order* approving the *Acquisition of PacifiCorp by MidAmerican Energy Holdings Company* (MEHC), issued January 27, 2006, as amended March 14, 2006, and June 5, 2006, Rocky Mountain Power d.b.a. PacifiCorp hereby provides notice of affiliated interest transactions with BNSF Railway Company ("BNSF") for three licenses allowing PacifiCorp install certain electric facilities along or across BNSF property in Merrill, Oregon. A verified copy of the License For Electric Supply Line Across or Along Railway Property, Tracking #15-51861 is included with this Notice as Attachment A. A verified copy of the License For Electric Supply Line Across or Along Railway Property, Tracking #15-51862 is included with this Notice as Attachment B. A verified copy of the License For Electric Supply Line Across or Along Railway Property, Tracking #15-51863 is included with this Notice as Attachment C.

PacifiCorp is a wholly-owned indirect subsidiary of Berkshire Hathaway Energy Company. BHE is a subsidiary of Berkshire Hathaway, Inc. BNSF is also a subsidiary of Berkshire Hathaway, Inc. Therefore, Berkshire Hathaway, Inc.'s ownership interest in BHE and BNSF may create an affiliated interest relationship between the Company and BNSF in some PacifiCorp jurisdictions.

In Klamath County, Oregon, the Company is reconfiguring certain portions of its system to extend neutral wire, which will require crossing BNSF's property in three places. BNSF uses standardized pricing for these types of licenses. PacifiCorp will pay \$3500 per license for a total of \$10,500. Additionally, PacifiCorp will pay \$460 per license, for a total of \$1380, for railroad protective liability insurance purchase from a non-affiliate company. Further, the Company paid \$750 per license, for a total of \$2,250, in processing fees.

Obtaining the licenses is in the public interest because it allows the Company to install and maintain facilities necessary to provide electric service and to meet its obligation to provide safe and reliable electric service. Without the licenses, PacifiCorp would not be able to meet its obligation to provide electric service. As the property owner, BNSF is the only entity that can provide the licenses to the Company.

Please do not hesitate to contact me if you have any questions.
