Gary Widerburg
Commission Secretary
Public Service Commission of Utah
Heber M. Wells Building
160 East 300 South
Salt Lake City, Utah 84134

Dear Mr. Widerburg:

Re: *Confidential Pre-IRP Workshop Presentation Slides;*

Pursuant to the Utah Public Service Commission's (Commission) staff's request, Questar Gas Company (Questar Gas or Company) is providing confidential and redacted slides from the February 9, 2015 Pre-IRP workshop.

We have identified one of the slides as a confidential document pursuant to R746-100-16 of the Commission Rules. Accordingly, that document is marked "Confidential-Subject to Utah Public Service Commission Rule 746-100-16" and printed on yellow paper. The confidential slide is also subject to an exception to disclosure under the Government Records Access and Management Act (GRAMA). Section 63G-2-305(2) of GRAMA allows for an exception if the following are met:

- (a) Disclosure of the information could reasonably be expected to result in unfair competitive injury to the person submitting the information or would impair the ability of the governmental entity to obtain necessary information in the future;
- (b) The person submitting the information has a greater interest in prohibiting access than the public in obtaining access; and
- (c) The person submitting the information has provided the governmental entity with the information specified in Section 63G-2-309.

Utah Code Ann. §63G-2-305(2).

Gary Widerburg

Page Two

The confidential slide contains details about Wexpro Company's production forecast. This information is confidential and proprietary and should be considered protected because the disclosure of the information on that slide could reasonably be expected to result in unfair competitive injury to the person submitting the information.

Should you have any questions, please contact me. Thank you.

Sincerely,

A handwritten signature in black ink that reads "Jennifer Nelson Clark". The signature is written in a cursive, flowing style.
