As part of its efforts to strengthen positive relationships with the Tribal Nations within its serving territory while fulfilling obligations set forth in Report and Order and Further Notice of Proposed Rulemaking, FCC 11-161, Qwest Corporation d/b/a CenturyLink QC (Utah) (“CenturyLink”) extended an invitation to the tribal entity to meet and address issues of importance related to the provisioning of services on tribal lands. The purpose of these meetings was to discuss planning and potential deployment of service as well as other areas of interest specific to conducting business on tribal lands (as set forth in 47 C.F.R. §54.313(a)(9)) which at a minimum, would include:

- (i) A needs assessment and deployment planning with a focus on Tribal community anchor institutions;
- (ii) Feasibility and sustainability planning;
- (iii) Marketing services in a culturally sensitive manner;
- (iv) Rights of way processes, land use permitting, facilities siting, environmental and cultural preservation review processes; and
- (v) Compliance with tribal business and licensing requirements. Tribal business and licensing requirements include business practice licenses that tribal and non-tribal business entities, whether located on or off tribal lands, must obtain upon application to the relevant tribal government office or division to conduct any business or trade, or deliver any goods or services to the tribes, tribal members, or tribal lands. These include certificates of public convenience and necessity, tribal business licenses, master licenses, and other related forms of tribal government licensure.

Gari Lafferty, Chairwoman
Paiute Indian Tribe of Utah
440 North Paiute Drive
Cedar City, UT 84721

Dear Chairwoman Lafferty,

CenturyLink appreciates the recent meeting with the Paiute Indian Tribe of Utah. On September 4, 2014, the tribal leadership met with Larry Walters and other CenturyLink employees. CenturyLink believes this was a very productive meeting and during the meeting CenturyLink provided contact information for the various CenturyLink employees that attended the meeting.

I recently took over Larry's responsibilities for Utah and I want to introduce myself and to provide you with my contact information. Additionally I want to reconfirm that CenturyLink values its relationship with the Paiute Indian Tribe of Utah and the opportunity to provide services that meet the needs of CenturyLink's customers located on Tribal lands. CenturyLink wants to maintain a positive relationship with members of the Paiute Indian Tribe of Utah through ongoing communications and, as appropriate, periodic meetings.

In late 2011, the Federal Communications Commission ("FCC") initiated steps to reform and modernize the federal universal service support system to ensure that robust, affordable voice and broadband service are available to Americans throughout the nation including those residing on Tribal lands.¹ In accord with the FCC's requirement for companies like CenturyLink to make contact with each tribe in CenturyLink's service territory at least each year, late last year CenturyLink requested a meeting. The purpose

¹ *In the Matter of Connect America Fund; A National Broadband Plan for Our Future; Establishing Just and Reasonable Rates for Local Exchange Carriers; High-Cost Universal Service Support; Developing an Unified Intercarrier Compensation Regime; Federal-State Joint Board on Universal Service; Lifeline and Link-Up; Universal Service Reform - Mobility Fund*, WC Docket Nos. 10-90, 07-135, 05-337, 03-109, CC Docket Nos. 01-92, 96-45, GN Docket No. 09-51, WT Docket No. 10-208, Report and Order and Further Notice of Proposed Rulemaking, FCC 11-161, 26 FCC Rcd 17663 (rel. The *USF/ICC Transformation Order* can be accessed on the FCC's website via the following weblink: http://fjallfoss.fcc.gov/edocs_public/attachmatch/FCC-11-161A1_Rcd.pdf.

for the meeting was to discuss the planning and potential deployment of services on Tribal lands as well as other areas of interest specific to conducting business on your Tribal lands. The FCC has advised companies like CenturyLink that the following topics be discussed in any meetings with tribal leadership: (1) deployment planning with a focus on Tribal community anchor institutions; (2) feasibility and sustainability planning; (3) marketing services on Tribal lands; (4) rights-of-way processes, land use permitting, facilities siting, environmental and cultural preservation review process; and (5) Tribal business and licensing requirements. You responded to the request for a meeting in early 2014 and as a result a meeting happened this last September.

In furthering our goal of strong cooperative relationships with our Tribal customers, and the FCC's goal of comprehensive engagement with Tribal authorities regarding telecommunications services, CenturyLink would like to once again extend an opportunity to meet with the Paiute Indian Tribe of Utah at your convenience. Since you have recently met with CenturyLink, you may not believe it is necessary to meet again in the near future. However, CenturyLink wants you to know that you have the ability to request a meeting with CenturyLink whenever you believe it is necessary.

If in the near future you determine that you would like another meeting with CenturyLink, for your convenience, I am attaching a reply form and envelope to facilitate the return of your response. The reply provides the opportunity for you to identify the Tribal representatives that would attend the meeting as well as identify issues of interest to you regarding CenturyLink and the services we provide. My office will be pleased to coordinate the scheduling of any face-to-face meeting and work to identify additional CenturyLink personnel as needed to address your specific identified issues.

Please contact Dawn Jones at (801) 238-0229 or Dawn.Jones@centurylink.com with any questions you may have regarding this letter. CenturyLink looks forward to meeting with the Paiute Indian Tribe of Utah in the future as necessary and continuing a strong relationship that is beneficial to all involved.

Sincerely,

<1210> Terms & Conditions of Voice Telephony Lifeline Plans

CenturyLink, Inc. has over 100 local exchange carriers (LECs) that serve as eligible telecommunications carriers (ETCs) providing Lifeline discounts on local telephone service for qualifying low-income customers in thirty-seven states. Each LEC's tariff or local terms of service contain the terms and conditions of voice telephony service plans generally available to CenturyLink residential customers. Lifeline provides discounts on CenturyLink residential service plans that include voice telephony service. Lifeline discounts provided to qualified recipients include the \$9.25 per month federal discount plus state discounts, if available. Tribal Lifeline recipients receive an additional federal Lifeline discount of up to \$25 per month. Eligible residents residing on Tribal lands in areas where CenturyLink receives universal service high-cost support can also receive a Tribal Link Up credit of not more than \$100 against one customary service initiation fee at a primary residence.

CenturyLink's flat-rated residential service plans provide unlimited local calling. Lifeline discounts also may be applied to local residential service plans that include a certain amount of local minutes or calls at a flat-rate and then have additional charges for minutes or calls beyond those included in the plan. Lifeline discounts may be applied to bundled service packages that include voice telephony services, such as bundles with internet service and/or video service. Lifeline discounts may also apply to voice service plans that include optional calling features such as caller ID, call waiting, and voicemail.

Toll service is available to customers receiving Lifeline discounts in the same manner that it is available to non-Lifeline customers. Toll limitation service is available to Lifeline customers at no charge.

Information concerning CenturyLink's Lifeline program can be found on our Lifeline web page at <http://www.centurylink.com/Pages/Support/LifeLine/>

A link to the CenturyLink tariff or local terms of service that includes the terms and conditions of this ETC's Lifeline offering is included in response to line 1220.

NOTES:

1. (112) – (118) The Federal Communications Commission in FCC DA 14-591 adopted May 1, 2014 and in Connect America Fund et al. WC Docket No. 10-90 et al., Order, 28 FCC Rcd 2051, 2054, para. 8 (Wireline Comp. Bur. 2013) (ETC Reporting Requirements Order) waived the requirement that price cap recipients of frozen support or incremental support file five-year plans stating, “until the [Connect America Phase II forward-looking] cost model is adopted and incumbents have the opportunity to accept a state-level commitment, it does not serve the public interest.” Since the Connect America Phase II program has not been fully implemented at this time, the five year plan is not required.
2. (220) Outages are reported using the criteria provided in 47 C.F.R. §54.313, which differs from the criteria in 47 C.F.R. §4.5 which is the basis for reporting outages to the Federal Communications Commission. Therefore, some outages may not have NORS numbers.
3. (300) – (310) CenturyLink is reporting any outstanding requests for voice service from 2014 that are unfulfilled at the time of this filing.
4. (320) – (330) CenturyLink is reporting any outstanding requests for broadband service from 2014 that are unfulfilled at the time of this filing.
5. (410) – (420) Complaints per 1,000 voice access lines are reported as complaints to any federal and/or state agencies.
6. (440) – (450) Complaints per 1,000 broadband customers are reported as complaints to any federal and/or state agencies.
7. (711) CenturyLink is reporting a-la-cart and data only broadband rates that meet or exceed both the required download speeds of four mega bits per second and upload speeds of one mega bit per second. Widely used upload speeds of 768K or below are not included in this report.
8. (800), (810)-(813), (1200), and (1210)-(1223) CenturyLink is a designated eligible telecommunications carrier that receives Universal Service Support for High Cost Areas under 47 C.F.R. 54 subpart D. Therefore, CenturyLink is only subject to subpart (a) of 47 C.F.R. §54.422 as it applies to this filing.
9. (810) – (813) Per FCC DA 13-1707 released August 6, 2013, CenturyLink is reporting holding company, operating companies, and affiliates (as defined under section 3 of the Communications Act of 1934, as amended, 47 U.S.C. § 153(2)) that are designated as eligible telecommunications carriers and/or that provide retail broadband internet access to end-user customers.
10. (921) – (929) To the extent the carrier serves federally recognized tribal lands, the attached narrative, in response to line 920, should be relied on to describe tribal outreach and interaction. If the carrier at least offered to discuss the points listed in 47 C.F.R. §54.313(a)(9) to the federally recognized tribes served in a study area, lines 921-929 were marked with a “yes” response.

11. (1000) – (1010) Carriers must certify that their local rates are at or below two standard deviations of the applicable national average urban rate for voice service, as specified in the most recent public notice issued by the Wireline Competition Bureau and Wireless Telecommunications Bureau. Qwest Corporation d/b/a CenturyLink (Wyoming) and United Telephone Company of the West d/b/a CenturyLink (Wyoming) have certain exchanges with explicit cost based local rates above this standard. Customers in such exchanges receive a Federal Universal Service credit and/or a State Universal Service credit explicitly on their bill. This results in a net charge that is lower than two standard deviations of the applicable national average urban rate for voice service.

12. (2000), (2005), (2010), (2014), and (2016) Per FCC DA 13-2101 released October 30, 2013, CenturyLink is certifying at a holding company level.

13. (2010) The Connect America Fund Incremental Support program (Round 1) requires participating carriers to deploy broadband services at certain speeds to locations within certain timeframes. The FCC recognized in DA 12-1155 released on July 18, 2012, that carriers may run into practical obstacles that would make it difficult to deploy broadband to the locations that were in the carrier's original deployment plan, and therefore may deploy to eligible locations not identified in the deployment plan. CenturyLink companies participating in the Connect America Fund Incremental Support program (Round 1) experienced the practical obstacles the FCC anticipated, and therefore deployed broadband to a substantial number of locations that are not listed in the notice of acceptance filed with the FCC on July 24, 2012. CenturyLink will identify locations where deployment has occurred in a separate and/or subsequent filing.

14. (3000)-(3034) These questions are not applicable. This company is considered to be a Federal Price Cap Carrier or an affiliate associated with a Federal Price Cap Carrier for the purposes of this filing.
