Re: Utah Docket No. 15-999-07, In the Matter of State Certification of Rural Carriers' Compliance with 47 U.S.C. Section 254(e)
CC Docket No. 96-45, In the Matter of Federal-State Joint Board on Universal Service
Annual State Certification Pursuant to 47 C.F.R. §54.314

ISSUE:

Pursuant to 47 C.F.R. Paragraph 54.314, the Public Service Commission (Commission) is required to certify that all rural carriers within its jurisdiction will use federal USF "only for the provision, maintenance, and upgrading of facilities and services for which the support is intended," as required by 47 U.S.C. 254(e). This certification may be in the form of a letter to the FCC regarding the carriers' compliance and is due to the Federal Communications Commission (FCC) and Universal Service Administrative Company (USAC) by October 1, 2015 clearly referencing **WC Docket No. 10-90**.

RECOMMENDATION:

Consistent with the Division of Public Utilities' (Division's) prior year recommendation, the Division recommends the Commission support Utah's rural incumbent local exchange carriers' (companies) requests for certification of eligibility to receive federal high-cost support by submitting a timely certification letter to the FCC and USAC stating all federal high-cost support provided to such carriers within Utah was used in the preceding calendar year and will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. Exceptions to this certification are CenturyTel of Eagle, Inc. (CenturyTel), a subsidiary of CenturyLink, Inc., Farmers Telephone Company (Farmers), and Albion Telephone Company (Albion) as described below.

BACKGROUND:

Exceptions to Certification:

CenturyTel provides local exchange service to approximately 6 to 8 Utah customers on the border of Colorado via facilities located in Colorado. Farmers provides local exchange service to approximately 8 Utah customers on the border of Colorado via facilities located in Colorado. Albion provides local exchange service to approximately 27 Utah customers on the border of Idaho via facilities located in Idaho. All ratemaking procedures for these companies have historically been deferred to the Colorado Public Utilities Commission or Idaho Public Utilities Commission accordingly.

Due to this Commission's limited oversight, the Division recommends the certification for CenturyTel, Farmers, and Albion defer to Colorado and Idaho consistent with the ratemaking process for these companies.
