Dear Mr. Widerburg:

As was initially announced in December, 2014, CenturyLink is consolidating its Access Service ordering and billing systems to streamline processes and systems across CenturyLink's markets. Previously CenturyLink has filed with the Utah Public Service Commission updates to the CenturyLink Access Service Ordering and Billing System Consolidation Plan when changes were made.¹

Final revisions to the CenturyLink Access Service Ordering and Billing Consolidation Plan have now been made. Attached is the revised plan which reflects a January 30, 2017 implementation date.²

If you have any questions please let me know.

Sincerely,

A handwritten signature in cursive script that reads "James B. Farr".

¹ The last previous update was provided by CenturyLink to the Utah Public Service Commission on July 19, 2016.

² In compliance with CenturyLink's commitments made in the FCC's proceeding regarding the transfer of control of Qwest Communications International Inc. to CenturyLink², CenturyLink is providing to the Utah Public Service Commission a copy of the revised CenturyLink Access Service Ordering and Billing System Consolidation Plan. This filing is for informational purposes only and no Commission action is required.
