## Recommendation (Request for Extension)

The Division of Public Utilities ("Division") has reviewed the Action Request issued by the Public Service Commission ("Commission") and asks for a time extension of 90 days.

## Discussion

On or about May 03, 2023, The Commission requested a compliance report from the Division on the electrical cooperative companies as it pertains to the Public Service Commission Rules 746-312-16 Public Utility Maps, Records and Reports and 746-313-7 Reporting on Electric Service Reliability. The Division requires additional time to research the requested information and to confer with the electric cooperatives. Therefore, the Division is requesting a 90-day extension to complete this request.
