RE: Section 63.71 Application of XO Communications Services, LLC and XO Virginia, LLC

Dear Ms. Dortch:

Verizon subsidiaries XO Communications Services, LLC and XO Virginia, LLC (collectively "XO") hereby submit the enclosed Application under Section 214(a) of the Communications Act and Section 63.71 of the Commission's rules to grandfather and eventually discontinue the following services in the geographic areas listed in the Application:

- XO Session Initiation Protocol ("SIP") Trunking;
- XO Conferencing;
- Voice over Internet Protocol ("VoIP") Origination;
- MultiTransport Networking Service ("MTNS");
- Contact Center on Demand ("CCoD"); and
- Interstate long distance and toll-free services offered as standalone services or as part of certain XO plans Integrated Services Digital Network Primary Rate Interface ("ISDN PRI"); Integrated Services Digital Network Basic Rate Interface ("ISDN BRI"); Business Lines; TDM Integrated Access; True Total Business Communications ("TBTC"); XOptions; Business Trunks; Centrex; VoIP Origination; and XO Session Initiation Protocol ("SIP") Trunking.

If you have any questions regarding this matter, please contact me at 202-515-2590.

Very truly yours,

Frederick Moacdieh

**SECTION 63.71 APPLICATION OF
XO COMMUNICATIONS SERVICES, LLC AND XO VIRGINIA, LLC**

Verizon subsidiaries XO Communications Services, LLC and XO Virginia, LLC (collectively "XO"), submit this Application for authority under Section 214(a) of the Communications Act and Section 63.71 of the Commission's rules to grandfather and discontinue the following services:

- XO Session Initiation Protocol ("SIP") Trunking;
- XO Conferencing;
- Voice over Internet Protocol ("VoIP") Origination;
- MultiTransport Networking Service ("MTNS");
- Contact Center on Demand ("CCoD"); and
- Interstate long distance and toll-free services offered as standalone services or in association with Integrated Services Digital Network Primary Rate Interface ("ISDN PRI"); Integrated Services Digital Network Basic Rate Interface ("ISDN BRI"); Business Lines; TDM Integrated Access; True Total Business Communications ("TBTC"); XOptions; Business Trunks; Centrex; VoIP Origination; and XO Session Initiation Protocol ("SIP") Trunking.

Subject to Commission authorization, XO plans to grandfather these services on or after September 10, 2019, prohibiting new customers from ordering these services and preventing existing customers from submitting orders for moves, additions, and changes to their services. XO

plans to discontinue these services completely on or after January 31, 2020.¹ Customers will be able to obtain alternative services and products from Verizon or other providers that perform the same functions as these services.

Consistent with Section 63.71 of the Commission's rules, XO provides the following information:

1. Name and Address of the Carrier (47 C.F.R. §§ 63.71 (a)(1) and (c)(2)):

XO Communications Services, LLC
One Verizon Way
Basking Ridge, NJ 07920

XO Virginia, LLC
One Verizon Way
Basking Ridge, NJ 07920

2. Date of Planned Service Discontinuance (47 C.F.R. §§ 63.71(a)(2) and (c)(2)):

Subject to the Commission's authorization, on or after September 10, 2019, XO will no longer accept new orders for XO SIP Trunking; XO Conferencing; VoIP Origination; MTNS; CCoD; and long distance and toll free services offered as a standalone service or in association with the following services: ISDN-PRI; Business Lines; TDM Integrated Access; TBTC; XOptions; Business Trunks; Centrex; ISDN-BRI; VoIP Origination; and XO SIP Trunking. Additionally, XO will no longer allow existing customers to place orders for moves, adds, or changes to these services, except as required by contract. XO is working with customers with contracts for the affected services to transition them to alternative services after their contracts expire.

XO intends to discontinue offering these services on or after January 31, 2020.

¹ Modifications in service offerings for customers with existing contracts are subject to the terms of their contract.

3. Points of Geographic Areas of Service Affected (47 C.F.R. §§ 63.71(a)(3) and (c)(2)):

Subject to the Commission's authorization, XO will grandfather and discontinue these services in the following geographic areas:

- XO SIP Trunking in all fifty states and the District of Columbia.
- XO Conferencing in the contiguous United States, Hawaii, and the District of Columbia.
- VoIP Origination in Arizona, California, Colorado, Delaware, the District of Columbia, Florida, Georgia, Idaho, Illinois, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Nevada, New Jersey, North Carolina, Ohio, Oregon, Pennsylvania, Tennessee, Texas, Utah, Virginia, and Washington.
- MTNS in Arizona, California, Colorado, Delaware, the District of Columbia, Florida, Georgia, Idaho, Illinois, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Nevada, New Jersey, North Carolina, Ohio, Oregon, Pennsylvania, Tennessee, Texas, Utah, Virginia, and Washington
- CCoD in the contiguous United States, Hawaii, and the District of Columbia.
- Long distance and toll-free services that is offered as a standalone service or in connection with ISDN-PRI; Business Lines; TDM Integrated Access; TBTC; XOptions; Business Trunks; Centrex; ISDN-BRI; and XO SIP Trunking in the contiguous United States and the District of Columbia.

4. Brief Description of the Type of Service Affected (47 C.F.R. §§ 63.71(a)(4) and (c)(2)):

In February 2017, Verizon acquired XO, which provides various communications services to small and medium sized companies, enterprises, national and government customers, and other carriers, both on a managed and wholesale basis.² XO does not provide mass-market retail services to consumers.³ The XO services in this Application overlap or are redundant with those offered over Verizon's networks and platforms, and XO is therefore streamlining its offerings to maximize efficiencies and to provide enhanced services for customers. The services XO seeks to grandfather and eventually discontinue are described as follows:

² See *In the Matter of Applications of XO Holdings and Verizon Communications Inc. for Consent to Transfer Control of Licenses and Authorizations*, Memorandum Opinion & Order, DA 16-1281, ¶ 5 (Nov. 16, 2016) (granting applications to transfer control of licenses and authorizations in connection with Verizon's acquisition of XO Communications, LLC).

³ *Id.*

- XO SIP Trunking uses SIP trunks to manage voice, data and Internet traffic over a single IP connection to a single location using the customer's IP-PBX. This connection enables customers to make phone calls from an IP-PBX device without additional physical wiring.
- XO Conferencing allows customers to conduct conference calls with two or more parties. Customers may opt for standard or toll free dial-in, and may choose to have the call monitored by an operator who will provide assistance if necessary.
- VoIP Origination provides inbound access for carriers via the XO IP network. This service allows service providers to receive local telephone calls from remote XO markets without having to maintain a physical presence in that market.
- MTNS is a data networking service that supports traditional private data networking services, such as Frame Relay and Ethernet, over an IP backbone. This service allows customers to interconnect Ethernet sites to other Ethernet sites. Customers may transport various protocols over a single infrastructure.
- CCoD is a hosted contact center that provides virtual infrastructure for call center agents without the physical call center environment. Call center personnel provide assistance with inbound call routing, administrative reporting, and queue management. Customers may also obtain automated call distribution, intelligent call routing, and SIP phone software.
- Long distance and toll free services offered as a standalone service or as part of certain XO plans that allow customers to make interstate and international long distance telephone calls.

Alternative Services and Products: Customers today can obtain alternative services and products from Verizon or other providers that perform the same functions as these services. Verizon's alternative products and services include Verizon IP Trunking, Verizon IP Integrated Access, Verizon Conferencing, Verizon VoIP Origination, Verizon SIP Trunking, Contact Center Managed Services, and long distance service offerings from another Verizon affiliate. Verizon will work with affected customers to find suitable alternative solutions.

5. Brief Description of the Dates and Methods of Notice to All Affected Customers (47 C.F.R. § 63.71(c)(3)):

Customers that currently subscribe to the affected services were sent notices by U.S. mail in multiple mailings on or before July 5, 2019. Copies of the notices are attached as Exhibit A.

Separately, on or before July 5, 2019, copies of this Application were mailed first class U.S. Mail to the public utility commission and to the Governor of each affected state, federally-

recognized tribal nations in each state, and the Secretary of Defense, Attention Special Assistant for Telecommunications, as required by Section 63.71(a) of the Commission's rules.

6. Regulatory Classification of Carrier (47 C.F.R. §§ 63.71(c)(4)):

XO is classified as non-dominant for regulatory purposes with respect to the services to be discontinued.

CONCLUSION

XO respectfully requests that the Commission approve this Application.

Respectfully submitted,

William H. Johnson

Re: Discontinuance of Services Offered by XO Communications Services, LLC (One Verizon Way, Basking Ridge, NJ 07920) and XO Virginia, LLC (One Verizon Way, Basking Ridge, NJ 07920)

Dear Valued Customer,

This is a formal notification about important upcoming changes to some of the services offered by Verizon subsidiaries XO Communications Services, LLC and XO Virginia, LLC (collectively 'XO'). XO will no longer be offering the services listed in 'Attachment A', subject to applicable regulatory-agency approvals and contractual obligations.

Please note that the only XO services that are affected are those listed in this notice. If your XO services are not described in this notice, you do not need to take any action.

We are sending this notice to all XO customers to advise you of these changes and ask that you review Attachment A to see if your service is listed.

Verizon appreciates your business and would be pleased to work with you to transfer any of these services to alternative Verizon solutions, as available. Additional information about the changes is provided below.

Action required

We urge you to migrate applications that use the services listed in Attachment A to alternate Verizon services, as available.

New Customers, Moves, Additions, and Changes: On or after September 10, 2019, subject to applicable regulatory-agency approvals and contractual obligations, new customers will not be able to buy the services listed in Attachment A from XO, and moves, additions, and changes will no longer be permitted for existing customers.

Discontinuance: On or after January 31, 2020, subject to applicable regulatory-agency approvals and contractual obligations, XO will begin disconnecting the services listed in Attachment A and will waive any early termination charges associated with these services. Any of these services that are subject to automatic-renewal will not be automatically-renewed from the date of this letter; however, we will continue to provide service until the discontinuance date.

- A Verizon Company

For existing Federal, state, and local Government agencies and educational institutions, modifications to service offerings will continue to be subject to the terms of their contract, the tariff, or the Product Guide.

Next Steps

Verizon would like to remain your preferred telecommunications service provider. To assist with the transition of your XO services, we are currently running an attractive range of promotions on a number of Verizon solutions to continue to support your needs (certain promotions may not be available to Federal, state, and local Government customers or educational institutions).

Your assigned sales representative will work with you to develop a solution that meets your needs. If you do not have an assigned sales representative, please call 800-296-7595 for more information about Verizon's services. Federal customers will be contacted by your Contracts Manager.

The address listed above is your Address of Record for the account number listed above. Any additional notices, including notices about changes to your account, will be sent to this address unless you indicate otherwise. If you need to provide us with a different Address of Record, please update your details on the MyXO portal at <https://portal.xo.com>, contact your Verizon sales representative, Customer Service Manager ('CSM') or Contracts Manager, or call 800-296-7595.

We value your business and look forward to helping you realize the benefits that our next-generation solutions and network transformation services can unlock for you. Please forward this letter to other members of your organization as necessary.

Best Regards,

Verizon Support Team

On behalf of XO Communications

The following notice applies to the services listed in Attachment B and is required by the Federal Communications Commission ("FCC" or "Commission") and is applicable to the following federally regulated XO Communications services: Voice over Internet Protocol (VoIP) Origination, XO Session Initiation Protocol (SIP) Trunking, XO Conferencing, MultiTransport Networking Service (MTNS), Contact Center on Demand (CCoD), and certain long-distance service offerings.

The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the §63.71 Application of XO Communications Services, LLC and XO Virginia, LLC. Comments should include specific information about the impact of this proposed discontinuance (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.

- A Verizon Company

Attachment B – Federally Regulated Services

The following subset of services from Attachment A is subject to FCC regulations:

Service	Description	States in which Service is Offered
XO Session Initiation Protocol (SIP) Trunking Note: This does not apply to XO Enterprise SIP (ESIP), Hosted PBX, or IP Flex.	SIP trunks combine voice, data and Internet traffic over a single IP connection to a single location using the customer IP-PBX.	All 50 states and the District of Columbia.
XO Conferencing	XO Conferencing product provides means for customers to conduct calls with two or more parties. Customers may opt for standard or toll-free dial-in, both available as operator attended or unattended.	Contiguous United States, Hawaii, and the District of Columbia.
Voice over Internet Protocol (VoIP) Origination Note: Only XO VoIP Origination service is affected by this notice, not Enterprise SIP (ESIP), Hosted PBX, or IP Flex.	With VoIP Origination services, customers receive local telephone calls from multiple markets without having to maintain a physical presence in those markets.	Arizona, California, Colorado, Delaware, the District of Columbia, Florida, Georgia, Idaho, Illinois, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Nevada, New Jersey, North Carolina, Ohio, Oregon, Pennsylvania, Tennessee, Texas, Utah, Virginia, and Washington.
Long Distance and toll-free services offered as standalone services or in association with ISDN PRI, Business Lines, TDM Integrated Access, TBTC, XOptions, Business Trunks, Centrex, ISDN-BRI, VoIP Origination, and XO Session Initiation Protocol (SIP) Trunking	The following plans provide inter-state voice and VoIP communications, either inbound or outbound, and allow customers to make national and international long distance calls ¹ : 9.9 LD/TFS (Across America 1+ Plan); Across America 1+ Plans; Business Saver 5.9 LD/TFS (Across America 1+ Plan); Business Value 6.9 LD/TFS (Across America 1+ Plan); National Local Private Line Service Calling Plan; Small Business 7.9 LD/TFS (Across America 1+ Plan); Switched Long Distance Product; True Savings Long Distance Rate Plan; Uni-Rate InterLATA Long Distance Service; Unity LD Plan; XO Corporate Long Distance Plan; XO Dedicated Long Distance Calling Plan; XO Gold and Platinum Services; XO Long Distance Business Plan; XO Unlimited Business Plan; XOption Service Offering (inbound and outbound long distance for XOptions); Toll-Free Service and standalone XO Employee Long Distance Service; CLDT (Carrier Long Distance Termination), VoIP Termination; Legacy Allegiance International Long Distance Plan; XO Global International Long Distance Plan (including International Toll-Free Service/Universal International Freephone Number).	Contiguous United States and the District of Columbia.

¹Customers may also have entered into individually negotiated arrangements for long distance service outside of the named plans.

- A Verizon Company

Service	Description	States in which Service is Offered
MultiTransport Networking Service (MTNS)	XO's MultiTransport Networking Service (MTNS) is a data networking service that supports traditional private data networking services, such as Frame Relay and Ethernet, over an IP backbone.	Arizona, California, Colorado, Delaware, the District of Columbia, Florida, Georgia, Idaho, Illinois, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Nevada, New Jersey, North Carolina, Ohio, Oregon, Pennsylvania, Tennessee, Texas, Utah, Virginia, and Washington.
Contact Center on Demand (CCoD)	CCoD is a hosted contact center service providing call center personnel with automated call distribution, intelligent call routing, desktop ACD, and SIP phone software.	Contiguous United States, Hawaii, and the District of Columbia.

XO service	Other names of service	Description
8. XO Business Trunks	Analog Trunk; Digital Trunk; Combination Trunk; Inbound Trunk; Two Way Trunk; Dedicated LD, Direct Access Line; Full Switched; Fractional Switched; Digital T-1; Full Digital Switched T-1; Local Analog PBX Trunk Service; Local Digital PBX Trunk Service; Local Trunk - Basic PBX Analog Trunk; Private Branch Exchange (PBX) Trunks	XO Business Trunks connect a customer's PBX or key system to the XO central office to deliver PSTN access. Trunks offer a "shared access" meaning that a number of phone lines can be consolidated on each trunk. Trunks can be analog or digital and carry inbound or outbound traffic or two-way.
9. XO Conferencing	Conference Calling – Audio; Webex	XO Conferencing product provides the means for customers to conduct calls with two or more parties. Customers may opt for standard or toll-free dial-in, both available as operator attended or unattended.
10. Hosted Security	SRA; DMZ; WCF; Fault Tolerant	Provides customers with dedicated MPLS and/or Internet services with a managed network-based firewall.
11. XO Centrex	None	XO Centrex is a business telephone system offered from the local XO central office on a subscription basis. It delivers a set of PBX-like features to individual desks with internal and PSTN access for the features, functions and applications that a business customer needs.
12. Digital Subscriber Line (DSL)	ADSL; IDSL; SDSL	DSL provides an asymmetrical and symmetrical connection over a standard telephone line at speeds up to 140 times faster than 56k dial-up.
13. Site Security	ASA; FWL; VPN; Managed Security	Provides customers with dedicated MPLS and/or Internet services with a Managed premises-based firewall.
14. Broadband Internet	Broadband	Broadband Internet connectivity. Includes third-party resold Internet access.
15. ISDN Basic Rate Interface (BRI)	None	ISDN BRI provides both voice and data capabilities via two 64 Kbps B channels, and one D channel used for signaling. The B channels can be used for voice but are more commonly used for data purposes such as video conferencing, voice/data transmission from remote offices to headquarters, or connection to an Internet Service Provider (ISP).
16. DDoS Mitigation	None	Helps protect critical network operations and infrastructure against costly downtime from DDoS and Volumetric attacks.

XO service	Other names of service	Description
17. Long Distance and toll-free services offered as standalone services or in association with ISDN PRI, Business Lines, TDM Integrated Access, TBTC, XOptions, Business Trunks, Centrex, ISDN-BRI, VoIP Origination, and XO Session Initiation Protocol (SIP) Trunking	None	The following plans provide inter-state voice and VoIP communications, either inbound or outbound, and allow customers to make national and international long distance calls ¹ : 9.9 LD/TFS (Across America 1+ Plan), Across America 1+ Plans, Business Saver 5.9 LD/TFS (Across America 1+ Plan), Business Value 6.9 LD/TFS (Across America 1+ Plan), National Local Private Line Service Calling Plan, Small Business 7.9 LD/TFS (Across America 1+ Plan), Switched Long Distance Product, True Savings Long Distance Rate Plan, Uni-Rate InterLATA Long Distance Service, Unity LD Plan, XO Corporate Long Distance Plan, XO Dedicated Long Distance Calling Plan, XO Gold and Platinum Services, XO Long Distance Business Plan, XO Unlimited Business Plan, XOption Service Offering (inbound and outbound long distance for XOptions), Toll-Free Service and standalone XO Employee Long Distance Service, CLDT (Carrier Long Distance Termination), VoIP Termination; Legacy Allegiance International Long Distance Plan; XO Global International Long Distance Plan (including International Toll-Free Service/Universal International Freephone Number).
18. MultiTransport Networking Service (MTNS)	None	XO's MTNS is a data networking service that supports traditional private data networking services, such as Frame Relay and Ethernet, over an IP backbone.
19. Managed Modems Services	Managed Modems; PMN Services; Modem Terminations	The hosting, monitoring, and management of modem termination facilities, enabling client's end user devices to communicate with client hosts over the PSTN.

¹ Customers may also have entered into individually negotiated arrangements for long distance service outside of the named plans.

XO service	Other names of service	Description
4. XO Basic Business Lines	Advanced Business Line; Basic Line; Enhanced Business Line; Full Service Business Line; Foreign Exchange Line; Remote Call Forward; Small Business Basic Business Local Line Service I & II; Small Business Basic Business Multi-Line Service I & II; Business Service Basic Business Line I & II; Business Services Basic Business Local Line Service; Business Services Basic Business Multi-Line Service	XO Basic Business Lines, often called Plain Old Telephone Service (POTS) lines, provide basic access service and supply a single voice-grade communication channel for single-line telephones, key telephone systems, modems and other devices that need to access the Public Switched Telephone Network (PSTN).
5. Voice over Internet Protocol (VoIP) Origination Note: Only XO VoIP Origination service is affected by this notice, not Enterprise SIP (ESIP), Hosted PBX, or IP Flex.	None	With VoIP Origination services, customers receive local telephone calls from multiple markets without having to maintain a physical presence in those markets.
6. XO Session Initiation Protocol (SIP) Trunking Note: This does not apply to XO Enterprise SIP (ESIP), Hosted PBX, or IP Flex.	None	SIP trunks combine voice, data, and Internet traffic over a single IP connection to a single location using the customer IP-PBX.
7. TDM bundled products	XOptions; Digital PBX Bundled Package; Integrated Access; PRI Bundled Package 1 & 2; True Business Total Communications (TBTC); Total Communications (TC); True Business (TB)	<p>XOptions combines local, long distance, Internet, and Web hosting services, through one provider, through various XOptions packages. XOptions Flex is not included in this decommission.</p> <p>PRI Bundle is an ISDN-PRI Service that includes Local Loop, PRI Interface and 24 channels.</p> <p>XO Integrated Access combines voice (local and long distance) and Internet access on a single facility.</p> <p>Digital PBX Package includes the Local Loop, 24 trunks, Federal Subscriber Line Charge (FSLC), and Local Number Portability (LNP) charges.</p> <p>TBTC combines voice (local and long distance) and Internet access on a single facility. The base package includes 6 voice lines, 512 kb high-speed Internet access, up to 6 custom calling features, customer premise equipment (CPE), plus a choice of Long Distance minute buckets.</p> <p>Total Communications (TC) combines voice lines and Internet access on a single facility. The Speeds Capacity = 6 - 20 lines, 256k, 384k, 512k, 768k, 1024M internet access.</p> <p>True Business (TB) combines voice lines and local and Intra LATA usage into one flat rate.</p>

- A Verizon Company

Attachment A

Below is a list of the XO Communications services, all of which are being discontinued on or after January 31, 2020.

Also, on or after September 10, 2019, new customers will not be able to buy the services listed below from XO and moves, additions, and changes will no longer be permitted for existing customers.

These changes are subject to applicable regulatory-agency approvals and contractual obligations.

A brief description of the service and other names by which you may recognize the service are also included below. Please review this list carefully and contact us if you have any questions or require additional information. Your service descriptions can be found in the Product Charges section of your invoice. You can also login to MyXO portal at <https://portal.xo.com> to view your XO services, invoices and billing information using the menus on the left side.

Please note that the only XO services that are affected are those listed in this notice. If your XO services are not described in this notice, you do not need to take any action.

XO service	Other names of service	Description
1. Integrated Services Digital Network (ISDN)-Primary Rate Interface (PRI)	Inbound PRI; Local ISDN-PRI	<p>ISDN is a standard, all digital technology that allows simultaneous, integrated voice and data capability over two wire digital loops and four wire digital trunks. PRI is the digital trunking interface using ISDN technology that provides high-capacity digital access between the XO central office and ISDN compatible CPE located at the customer premises. The connection is provided through standard T-1 point to point private line facilities.</p> <p>Includes Emergency Redundant Routing (ERR), which automatically reroutes your incoming calls away from overloaded trunks and outage locations, and Private Switch/Automatic Location Identification (PS/ALI), which allows a customer with a PBX to provide the specific location of each extension or station to the PS/ALI database manager. The PS/ALI database manager will then update the appropriate 911 database, thereby helping to improve emergency response time.</p>
2. Remote Call Forwarding (RCF)	RCF	A local service offering that allows incoming calls to be forwarded to a telephone number in another location.
3. Contact Center on Demand (CCoD)	None	CCoD is a hosted contact center service providing call center personnel with automated call distribution, intelligent call routing, and desktop ACD and SIP phone software.

Re: Discontinuance of Services Offered by XO Communications Services, LLC (One Verizon Way, Basking Ridge, NJ 07920) and XO Virginia, LLC (One Verizon Way, Basking Ridge, NJ 07920)

Dear Valued Customer,

This is a formal notification about important upcoming changes to some of the services offered by Verizon subsidiaries XO Communications Services, LLC and XO Virginia, LLC (collectively 'XO'). XO will no longer be offering the services listed in 'Attachment A', subject to applicable regulatory-agency approvals and contractual obligations.

Please note that the only XO services that are affected are those listed in this notice. If your XO services are not described in this notice, you do not need to take any action.

We are sending this notice to all XO customers to advise you of these changes and ask that you review Attachment A to see if your service is listed.

Verizon appreciates your business and would be pleased to work with you to transfer any of these services to alternative Verizon solutions, as available. Additional information about the changes is provided below.

Action required

We urge you to migrate applications that use the services listed in Attachment A to alternate Verizon services, as available.

Grandfathering: On or after September 10, 2019, subject to applicable regulatory-agency approvals and contractual obligations, new customers will not be able to buy the services listed in Attachment A from XO, and moves, additions, and changes will no longer be permitted for existing customers.

Discontinuance: On or after January 31, 2020, subject to applicable regulatory-agency approvals and contractual obligations, XO will begin disconnecting the services listed in Attachment A and will waive any early termination charges associated with these services. Any of these services that are subject to automatic-renewal will not be automatically-renewed from the date of this letter; however, we will continue to provide service until the discontinuance date.

A Verizon Company

For existing Federal, state, and local Government agencies and educational institutions, modifications to service offerings will continue to be subject to the terms of their contract, the tariff, or the Product Guide.

Next Steps

Verizon would like to remain your preferred telecommunications service provider. To assist with the transition of your XO services, we are currently running an attractive range of promotions on a number of Verizon solutions to continue to support your needs (certain promotions may not be available to Federal, state, and local Government customers or educational institutions).

Your assigned customer service manager will work with you to develop a solution that meets your needs, or you can reach out to us at VPS.Migration.Inquiries@verizon.com.

The address listed above is your Address of Record for the account number listed above. Any additional notices, including notices about changes to your account, will be sent to this address unless you indicate otherwise. If you need to provide us with a different Address of Record, please update your details on the MyXO portal at <https://portal.xo.com>, contact your Verizon sales representative, Customer Service Manager ('CSM') or Contracts Manager, or call 800-296-7595.

We value your business and look forward to helping you realize the benefits that our next-generation solutions and network transformation services can unlock for you. Please forward this letter to other members of your organization as necessary.

Best Regards,

Verizon Support Team

We are sending this notice to all XO customers to advise you of these changes and ask that you review Attachment A to see if your service is listed.

Verizon appreciates your business and would be pleased to work with you to transfer any of these services to alternative Verizon solutions, as available. Additional information about the changes is provided below.

Action required

We urge you to migrate applications that use the services listed in Attachment A to alternate Verizon services, as available.

New Customers, Moves, Additions, and Changes: On or after September 10, 2019, subject to applicable regulatory-agency approvals and contractual obligations, new customers will not be able to buy the services listed in Attachment A from XO, and moves, additions, and changes will no longer be permitted for existing customers.

Discontinuance: On or after January 31, 2020, subject to applicable regulatory-agency approvals and contractual obligations, XO will begin disconnecting the services listed in Attachment A and will waive any early termination charges associated with these services. Any of these services that are subject to automatic-renewal will not be automatically-renewed from the date of this letter; however, we will continue to provide service until the discontinuance date.

A Verizon Company

For existing Federal, state, and local Government agencies and educational institutions, modifications to service offerings will continue to be subject to the terms of their contract, the tariff, or the Product Guide.

Next Steps

Verizon would like to remain your preferred telecommunications service provider. To assist with the transition of your XO services, we are currently running an attractive range of promotions on a number of Verizon solutions to continue to support your needs (certain promotions may not be available to Federal, state, and local Government customers or educational institutions).

Your authorized Verizon partner or sales representative will work with you to develop a solution that meets your needs. If you do not know who your authorized Verizon partner is, or do not have an assigned sales representative, please call 800-295-8189 for more information about Verizon's services. Federal customers will be contacted by your Contracts Manager.

The address listed above is your Address of Record for the account number listed above. Any additional notices, including notices about changes to your account, will be sent to this address unless you indicate otherwise. If you need to provide us with a different Address of Record, please update your details on the MyXO portal at <https://portal.xo.com>, contact your sales representative, Customer Service Manager ('CSM') or Contracts Manager, or call 800-295-8189.

We value your business and look forward to helping you realize the benefits that our next-generation solutions and network transformation services can unlock for you. Please forward this letter to other members of your organization as necessary.

Best Regards,

Verizon Support Team

On behalf of XO Communications

The following notice applies to the services listed in Attachment B and is required by the Federal Communications Commission ("FCC" or "Commission") and is applicable to the following federally regulated XO Communications services: Voice over Internet Protocol (VoIP) Origination, XO Session Initiation Protocol (SIP) Trunking, XO Conferencing, MultiTransport Networking Services (MTNS), Contact Center on Demand (CCoD), and certain long-distance service offerings.

The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the \$63.71 Application of XO Communications Services, LLC and XO Virginia, LLC. Comments should include specific information about the impact of this proposed discontinuance (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.

Attachment A

Below is a list of the XO Communications services, all of which are being discontinued on or after January 31, 2020.

Also, on or after September 10, 2019, new customers will not be able to buy the services listed below from XO and moves, additions, and changes will no longer be permitted for existing customers.

These changes are subject to applicable regulatory-agency approvals and contractual obligations.

A brief description of the service and other names by which you may recognize the service are also included below. Please review this list carefully and contact us if you have any questions or require additional information. Your service descriptions can be found in the Product Charges section of your invoice. You can also login to MyXO portal at <https://portal.xo.com> to view your XO services, invoices and billing information using the menus on the left side.

Please note that the only XO services that are affected are those listed in this notice. If your XO services are not described in this notice, you do not need to take any action.

XO service	Other names of service	Description
1. Integrated Services Digital Network (ISDN)-Primary Rate Interface (PRI)	Inbound PRI; Local ISDN-PRI	<p>ISDN is a standard, all digital technology that allows simultaneous, integrated voice and data capability over two wire digital loops and four wire digital trunks. PRI is the digital trunking interface using ISDN technology that provides high-capacity digital access between the XO central office and ISDN compatible CPE located at the customer premises. The connection is provided through standard T-1 point to point private line facilities.</p> <p>Includes Emergency Redundant Routing (ERR) which automatically reroutes your incoming calls away from overloaded trunks and outage locations, and Private Switch/Automatic Location Identification (PS/ALI), which allows a customer with a PBX to provide the specific location of each extension or station to the PS/ALI database manager. The PS/ALI database manager will then update the appropriate 911 database, thereby helping to improve emergency response time.</p>
2. Remote Call Forwarding (RCF)	RCF	A local service offering that allows incoming calls to be forwarded to a telephone number in another location.
3. Contact Center on Demand (CCoD)	None	CCoD is a hosted contact center service providing call center personnel with automated call distribution, intelligent call routing, and desktop ACD and SIP phone software.

XO service	Other names of service	Description
4. XO Basic Business Lines	Advanced Business Line; Basic Line; Enhanced Business Line; Full Service Business Line; Foreign Exchange Line; Remote Call Forward; Small Business Basic Business Local Line Service I & II; Small Business Basic Business Multi-Line Service I & II; Business Service Basic Business Line I & II; Business Services Basic Business Local Line Service; Business Services Basic Business Multi-Line Service	XO Basic Business Lines, often called Plain Old Telephone Service (POTS) lines, provide basic access service and supply a single voice-grade communication channel for single-line telephones, key telephone systems, modems and other devices that need to access the Public Switched Telephone Network (PSTN).
5. Voice over Internet Protocol (VoIP) Origination Note: Only XO VoIP Origination service is affected by this notice, not Enterprise SIP (ESIP), Hosted PBX, or IP Flex.	None	With VoIP Origination services, customers receive local telephone calls from multiple markets without having to maintain a physical presence in those markets.
6. XO Session Initiation Protocol (SIP) Trunking Note: This does not apply to XO Enterprise SIP (ESIP), Hosted PBX, or IP Flex.	None	SIP trunks combine voice, data, and Internet traffic over a single IP connection to a single location using the customer IP-PBX.
7. TDM bundled products	XOptions; Digital PBX Bundled Package; Integrated Access; PRI Bundled Package 1 & 2; True Business Total Communications (TBTC); Total Communications (TC); True Business (TB)	<p>XOptions combines local, long distance, Internet, and Web hosting services, through one provider, through various XOptions packages. XOptions Flex is not included in this decommission.</p> <p>PRI Bundle is an ISDN-PRI Service that includes Local Loop, PRI Interface and 24 channels.</p> <p>XO Integrated Access combines voice (local and long distance) and Internet access on a single facility.</p> <p>Digital PBX Package includes the Local Loop, 24 trunks, Federal Subscriber Line Charge (FSLC), and Local Number Portability (LNP) charges.</p> <p>TBTC combines voice (local and long distance) and Internet access on a single facility. The base package includes 6 voice lines, 512 kb high-speed Internet access, up to 6 custom calling features, customer premise equipment (CPE), plus a choice of Long Distance minute buckets.</p> <p>Total Communications (TC) combines voice lines and Internet access on a single facility. The Speeds Capacity = 6 - 20 lines, 256k, 384k, 512k, 768k, 1024M internet access.</p> <p>True Business (TB) combines voice lines and local and intra LATA usage into one flat rate.</p>

XO service	Other names of service	Description
8. XO Business Trunks	Analog Trunk; Digital Trunk; Combination Trunk; Inbound Trunk; Two Way Trunk; Dedicated LD, Direct Access Line; Full Switched; Fractional Switched; Digital T-1; Full Digital Switched T-1; Local Analog PBX Trunk Service; Local Digital PBX Trunk Service; Local Trunk - Basic PBX Analog Trunk; Private Branch Exchange (PBX) Trunks	XO Business Trunks connect a customer's PBX or key system to the XO central office to deliver PSTN access. Trunks offer a "shared access" meaning that a number of phone lines can be consolidated on each trunk. Trunks can be analog or digital and carry inbound or outbound traffic or two-way.
9. XO Conferencing	Conference Calling – Audio; Webex	XO Conferencing product provides the means for customers to conduct calls with two or more parties. Customers may opt for standard or toll-free dial-in, both available as operator attended or unattended.
10. Hosted Security	SRA; DMZ; WCF; Fault Tolerant	Provides customers with dedicated MPLS and/or Internet services with a managed network-based firewall.
11. XO Centrex	None	XO Centrex is a business telephone system offered from the local XO central office on a subscription basis. It delivers a set of PBX-like features to individual desks with internal and PSTN access for the features, functions and applications that a business customer needs.
12. Digital Subscriber Line (DSL)	ADSL; IDSL; SDSL	DSL provides an asymmetrical and symmetrical connection over a standard telephone line at speeds up to 140 times faster than 56k dial-up.
13. Site Security	ASA; FWL; VPN; Managed Security	Provides customers with dedicated MPLS and/or Internet services with a Managed premises-based firewall.
14. Broadband Internet	Broadband	Broadband Internet connectivity. Includes third-party resold Internet access.
15. ISDN Basic Rate Interface (BRI)	None	ISDN BRI provides both voice and data capabilities via two 64 Kbps B channels, and one D channel used for signaling. The B channels can be used for voice but are more commonly used for data purposes such as video conferencing, voice/data transmission from remote offices to headquarters, or connection to an Internet Service Provider (ISP).
16. DDoS Mitigation	None	Helps protect critical network operations and infrastructure against costly downtime from DDoS and Volumetric attacks.
