Re: PacifiCorp Notice of Affiliate Transaction  
Docket No. 05-035-54

Dear Mr. Widerburg:

Pursuant to Commitment U3(2), incorporated in the Public Service Commission of Utah's *Report and Order* approving the *Acquisition of PacifiCorp by MidAmerican Energy Holdings Company*, issued January 27, 2006, as amended March 14, 2006, and June 5, 2006, PacifiCorp hereby provides notice of an affiliate interest transactions with FlightSafety International, Inc. (FlightSafety) to provide unmanned aircraft systems training and certification services. A copy of the Agreement for Unmanned Aerial Systems Training and Certification Services between PacifiCorp and FlightSafety is included as Confidential Attachment A. Attachment A contains commercially-sensitive information, which if disclosed, could expose PacifiCorp to competitive harm and cause increased costs. Additionally, PacifiCorp is bound by the Agreement to maintain its confidentiality.

PacifiCorp is a wholly-owned, indirect subsidiary of Berkshire Hathaway Energy Company (BHE). BHE is a subsidiary of Berkshire Hathaway, Inc. (Berkshire Hathaway). FlightSafety is also a subsidiary of Berkshire Hathaway. Therefore, Berkshire Hathaway's ownership interest in FlightSafety creates an affiliated interest between PacifiCorp and FlightSafety in some PacifiCorp jurisdictions.

FlightSafety offers a variety of aviation training services, including training for pilots to obtain FAA part 107 Unmanned Aircraft Systems (UAS) operator certification. FlightSafety trainers are experienced unmanned aerial vehicle (UAV) pilots who will provide training on

PacifiCorp owned drones, which are used, amongst other things, for asset inspections. FlightSafety proved the sole bidder to respond. See Attachment A (and specifically, Exhibit B thereto) for the pricing schedule. Transacting with FlightSafety is in the public interest. PacifiCorp uses drones for a variety of purposes. Increasing the number of certified pilots will increase the potential for additional applications of this technology.
