Attention Pipeline Safety State Program Managers (Chiefs of Pipeline Safety, Pipeline Safety Directors, Pipeline Safety Program Managers, and Regulatory Program Managers),

Please find the "Notification of change for Kinder Morgan's Operator Qualification Program" attached as filed with the Pipeline and Hazardous Materials Safety Administration (PHMSA) in conformance with the requirements of 49 CFR Part 192.805(i) and 195.505(i). If you have any questions concerning this submittal please don't hesitate to contact me, Andrea_Chamblin@kindermorgan.com.

Regards,

Andrea Chamblin
Kinder Morgan
Manager of Operator Qualification & Training

Room E22-321

Washington, DC 20590

Dear Information Resources Manager:

I hope this finds you doing well. Per DOT Part 195.505, this communication is to notify PHMSA that Kinder Morgan (OP ID 18092) has changed the span of control (SOC) for two tasks on the company's Hazardous Liquids covered task list. These changes are the result of recent hazardous liquids subject matter expert reviews. SOC for task 102.10 – Atmospheric Corrosion – Surface Preparation, has changed from 1:5 to 1:3. SOC for task 102.13 – External Coating on Buried or Submerged Components – Application and Repair has changed from 1:5 to 1:3. This change is effective as of 07/10/20.

This will affect all Hazardous Liquids pipelines operated by Kinder Morgan subject to the OQ program. These assets are present in all PHMSA regions and listed on page 6 of the attached copy of Kinder Morgan's OQ plan.

Kinder Morgan's Hazardous Liquids Covered Task list and Kinder Morgan's Liquid Terminals Covered Task list are attached. Changes indicated in this notice are highlighted in yellow on both attachments. Please contact me if there are any questions.

Regards,

Andrea Chamblin
