Re: PacifiCorp Notice of Affiliate Transaction
Docket No. 05-035-54

Dear Mr. Widerburg:

Pursuant to Commitment U3(2), incorporated in the Public Service Commission of Utah's *Report and Order* approving the *Acquisition of PacifiCorp by MidAmerican Energy Holdings Company*,¹ issued January 27, 2006, as amended March 14, 2006, and June 5, 2006, PacifiCorp hereby provides notice of ordinary course affiliated interest transactions from time to time between PacifiCorp and Marmon Utility, LLC dba Hendrix Aerial Cable Systems (Marmon Utility).

By a prior notice dated December 30, 2016, PacifiCorp provided notice that it was entering into a Master Materials Supply Contract with Marmon Utility for aerial cable system design, supply, and installation services (the "Master Contract"). The Master Contract (No. 4700001118) was amended by a First Amendment to Master Materials Supply Contract, effective March 6, 2020, and by a Second Amendment to Master Materials Supply Contract, effective October 7, 2020. PacifiCorp has amended the Master Contract with Marmon Utility to extend the terms of the Master Contract through December 31, 2021 (Third Amendment) to allow for the purchase of covered conductors and other distribution infrastructure to support system resilience. A copy of the Third Amendment is included as Attachment A.

PacifiCorp is a wholly-owned subsidiary of Berkshire Hathaway Energy Company (BHE). BHE is a subsidiary of Berkshire Hathaway Inc. (Berkshire). Berkshire currently holds a majority interest in The Marmon Group, a holding company. The Marmon Group consists of approximately 185 companies. These are divided into 15 business sectors including engineered wire and cable, industrial products, and building wire. Marmon Utility is one of the companies owned by The Marmon Group.

¹ As of April 30, 2014, MEHC was renamed Berkshire Hathaway Energy Company

Marmon Utility manufactures electrical distribution cable, cable systems, and accessories for aerial and underground utility applications. Among the items manufactured by Marmon Utility is covered "spacer cable." Spacer cable is designed to be resilient to incidental contact (e.g. animals, fallen trees and tree limbs), have increased strength in the event of impact loads, and be tolerant to transient events such as lightning. In response to increasing concerns related to wildfires, PacifiCorp is actively taking steps to construct, maintain, and operate its electrical lines and equipment in a manner that will minimize the risk of catastrophic wildfire. The company has identified several projects requiring procurement of spacer cable or other aerial cable system design, supply, and installation services. The Third Amendment provides the necessary extension for these projects to be completed, while continuing the other terms and conditions in the Master Contract. PacifiCorp estimates that it will procure additional distribution cable and cable systems, and accessories under this amendment to support system resiliency.

When needed, Purchase Orders will continue to be prepared in accordance with PacifiCorp's procurement policies and procedures and contain standard commercial terms and conditions to protect the company's ability to provide safe, reliable service. Thus, continued use of Marmon Utility as supplier of the products under the Purchase Orders will not harm the public interest.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Timothy K. Clark
