**Re: Notice of Non-Competitive Procurement with Rizing LLC**

Dear Commissioners:

In accordance with PacifiCorp's ("the Company") Procurement Policy, the Company must report to the Public Service Commission of Utah ("Commission") purchases of goods or services exceeding \$1,000,000 that are not competitively bid. This letter hereby serves as notice that PacifiCorp has entered a non-competitively bid contract with Rizing LLC. ("Rizing") that exceeds \$1,000,000. The contract is for data migration services to aid PacifiCorp in its transition from its 26-year-old legacy Retail Construction Management System ("RCMS") to an updated software system known as Maximo. The total contract value is a maximum of \$ [REDACTED] over a term of [REDACTED].

Pursuant to PacifiCorp's Procurement Policy, a supplier may be awarded a contract on a non-competitive basis under certain circumstances, such as when competitive bidding is impossible or impractical, or when otherwise a non-competitive procurement has been demonstrated to be in the best interest of the Company and its customers.

PacifiCorp is a wholly owned, indirect subsidiary of Berkshire Hathaway Energy Company ("BHE"). BHE is in the process of implementing a single instance of Maximo to support all BHE affiliates. The Maximo system will handle previous RCMS tasks such as management of joint use facilities, facility point inspections, asset maintenance, and construction of electrical facilities. A significant amount of legacy data will need to be moved from RCMS to Maximo. PacifiCorp has contracted with Rizing to assist with this effort. Rizing's scope of work within the contract includes the following:

- Data extraction from legacy system to a secondary location to facilitate the data conversion process.
- Data cleansing and enrichment support.
- Data transformation, in collaboration with PacifiCorp, that includes development of data conversion code to create load-ready data files. As needed, Rizing will support PacifiCorp in the creation of functional specifications.
- Integration testing including mock data conversion and load activities.
- Rizing will support PacifiCorp in data loading and data validation into the new system.

The transition to Maximo will allow PacifiCorp to manage its assets, with a more up-to-date software solution. By hiring Rizing, PacifiCorp will benefit from the Company's experience and expertise with similar projects. Rizing has knowledge of RCMS gained from prior engagements that were the result of competitive bid. In 2019, Rizing assisted PacifiCorp with legacy data analysis for the Field Ai Program Phase Zero. During this project, Rizing gained valuable experience with PacifiCorp's data systems including RCMS.

PacifiCorp considered a competitive bid process for this contract, but determined that potential delays and costs incurred by a competitive bid process, and potentially selecting a less experienced vendor, carried a bigger risk than entering into a contract with Rizing on a non-competitive basis. PacifiCorp and its customers will benefit from Rizing's prior experience with PacifiCorp's system and timely implementation of the data migration project.

If you have any questions, please feel free to contact Jana Saba at 801-220-2823.

Sincerely,

A handwritten signature in black ink that reads "Joelle Steward". The signature is written in a cursive style with a large, stylized "J" and "S".
