By letter order issued on November 15, 2022 in Docket No. RP23-67-000, the Federal Energy Regulatory Commission accepted the proposed tariff records to be effective on November 1, 2022. The tariff records reflect updated rates for certain storage based services to reflect the current Average Thermal Content of gas in CIG's mainline storage facilities.

The attached files distribute the latest changes to CIG's Tariff. If you wish to update your paper copy of the Tariff, please print the document in the file named "Tariff Section" and substitute that record for the counterpart record in your paper copy of the Tariff. For your convenience, a fully updated electronic copy of the tariff can be found on the corporate website at [Informational Postings :: Colorado Interstate Gas Company, L.L.C.](#)
