Re: **Utah Universal Service Fund**

Dear Mr. Coleman:

Crown Castle Fiber LLC (“CCF”) informs the Utah Division of Public Utilities (the “Division”) that CCF does not connect to the public switched telephone network or provide traditional local exchange services, wireless/cellular/PCS telephone services, Voice Over Internet Protocol (VoIP) services; nor does it possess telephone access lines, whether residential or business, in Utah.

Thus, CCF respectfully requests the Division to accept this one-time letter in lieu of the Utah Universal Service Fund (“UT USF”) report until such a time CCF generates revenues from intrastate services in UT to which UT USF applies.

Please do not hesitate to contact the undersigned should you have any question related to this request. Thank you.

Sincerely,
