NON-CONFORMING PROVISIONS

—

The following provisions were accepted as non-conforming by the Commission on October 28, 2010, in Docket No. RP11-27.

1. Sundance Trail Support

Transporter will seek to have the costs for construction of the Sundance Trail Expansion facilities rolled into its general system rates. Shipper agrees to support rolled-in rate treatment for these costs in any certificate proceeding related to the Sundance Trail Expansion project and in any subsequent general rate case proceedings during the term of the Agreement.

2. Creditworthiness Requirements

Until the end of the term of this Agreement, Shipper will either (i) maintain an investment grade credit rating for its long-term senior unsecured debt, meaning such a credit rating from Moody's Investor Service ("Moody's") of Baa3 or better or from Standard and Poor's ("S&P") of BBB- or better or (ii) provide security to Transporter as stated below, but only for the duration of its below-investment-grade credit rating. Such security shall be returned to Shipper within thirty (30) days of Shipper's credit rating achieving or being restored to investment grade, with interest accruing on any cash deposit as set forth in subparagraph (d) below. For each day such return of cash deposit is delayed past the aforementioned thirty (30) day period, interest will accrue on such cash deposit at the greater of the FERC refund interest rate or the rate set forth in subparagraph (d) below. The amount of security required shall be equal to the annual reservation charges for Shipper's quantity of contract demand times the lesser of three years or the remaining term of the Agreement. The following are forms of security that may be provided by Shipper in satisfaction of the foregoing paragraph:

—(a) A guarantee in form and substance that is reasonably satisfactory to Transporter, executed by an entity with an investment grade credit rating, of Shipper's performance of its obligations to Transporter under this Agreement; or

(b) A non-transferable, standby, irrevocable letter of credit in form and substance reasonably acceptable to Transporter, and drawn upon a bank reasonably acceptable to Transporter; or

(c) Such other form of security that is reasonably acceptable to Transporter, which may include a cash deposit; and

(d) If security in the form of a cash deposit has been provided pursuant to (c) above, any refunds of such security due to termination of the Agreement, as applicable, or due to reduced security requirements shall include interest on such security at the same rate that Transporter earns on the security through the date of such refund.
