November 30, 2023

Hon. Kimberly D. Bose, Secretary  
Federal Energy Regulatory Commission  
888 First Street, N.E.  
Washington, D.C. 20426

**Re: Kern River Gas Transmission Company**  
Docket No. RP24-\_\_\_\_\_

Dear Secretary Bose:

Pursuant to Part 154 of the regulations of the Federal Energy Regulatory Commission (“Commission” or “FERC”), Kern River Gas Transmission Company (“Kern River”) hereby tenders for filing and acceptance the following tariff sheets as part of its FERC Gas Tariff, Third Revised Volume No. 1 (“Tariff”), to be effective January 1, 2024:

Sheet No. 257, Version 11.0.0  
Sheet No. 258, Version 16.0.0

#### Purpose

The purpose of this filing is to add a new market area pool point to Section 22 of the General Terms and Conditions (“GT&C”) of Kern River’s Tariff, “Pooling and Title Transfer Tracking.”

#### Statement of Nature, Reasons and Basis for the Filing

Section 22.1(b)(2) of the GT&C lists all the market area pools on Kern River’s system and the delivery points associated with each of those pools. Kern River proposes to revise this section to establish the “Special Use Central Utah Firm Pool” and “Special Use Central Utah AOS/Interruptible Pool” for use by shippers with special rate provisions applicable to delivery points solely served by Kern River. The proposed language will be inserted as subsection “(iv)” to maintain the geographic order from Wyoming to California in Section 22.1(b)(2).

The need for this special pool is due to the addition of the Delta Lateral project<sup>1</sup> which includes a new point solely connected to Kern River, which point is located in the Central Utah Firm Pool area between the Elberta and Fillmore compressor stations.

---

<sup>1</sup> Kern River Gas Transmission Company, Order Issuing Certificate, 179 FERC ¶ 61,121 (2022)

The revisions reflected in this filing are administrative only and do not affect the substantive rights of the shippers. Therefore, Kern River respectfully requests that the Commission accept the proposed revision.

#### Waivers and Effective Date

Kern River respectfully requests that the Commission accept the tendered tariff sheets to be effective January 1, 2024, or at the end of any minimal suspension period that may be ordered by the Commission. Kern River also requests that the Commission grant any waivers it may deem necessary for the acceptance of this filing.

#### Other

In accordance with Section 154.208, Kern River has served an electronic copy of this filing upon its customers and interested state regulatory commissions.

#### Materials Submitted

This filing is comprised of an eTariff.xml filing package containing:

- this transmittal letter;
- the proposed tariff sheets in electronic format, with metadata attached;
- clean copy of the tariff sheets for posting on the Commission's eLibrary; and marked copy of the tariff sheet.

#### Communications

Kern River respectfully requests that all communications regarding this filing be served upon each of the following:
