Docketing;

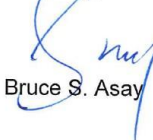

Pursuant to 47 C.F.R. §54.304(d)(1) of the Federal Communications Commission's rules, enclosed please find the projected eligibility for CAF ICC funding for July 1, 2024 through June 30, 2025 for Union Telephone Company, Study Area Code 512297. The CAF-ICC Data Report, as referenced above contains data, proprietary in nature, and is being submitted as confidential and identified as such by a stamp at the top and bottom of the confidential pages.

The CAF-ICC Data Reports are accompanied by four (4) Certifications, which are not being submitted under request of confidentiality and are attached to this cover letter. These four documents certify; the accuracy of the CAF-ICC Data Reported, Rate-of-Return Carrier Eligibility for CAF-ICC Recovery, Authorization of an Agent to File Data, and the Rate-of-Return Carrier Not Seeking Duplicative Recovery. In addition to the certifications, redacted versions of the CAF-ICC Data Reports are included in the publicly available file.

To the extent necessary, the undersigned, moves the Commission for permission to deviate from the electronic filing requirement set forth in Utah Admin. Code 746-1-203 as the undersigned attests that the rule imposes a hardship that outweighs the benefit of the rule.

Please contact this office if you have questions concerning the matter.

Sincerely,
