Re: Kern River Gas Transmission Company
Docket No. RP25-370-_____
Amended NAESB 4.0 Compliance Filing

Dear Secretary Reese:

Kern River Gas Transmission Company (“Kern River”) tenders for filing and acceptance the following tariff sheet, as part of its FERC Gas Tariff, Third Volume No. 1 (“Tariff”), to be effective August 1, 2025.

THIRD REVISED VOLUME NO. 1

Sheet No. 254, Version 6.0.0

Reason for Filing

On January 27, 2025, Kern River made a filing in Docket No. RP25-370 to (1) comply with Commission Order No. 587-AA¹ by submitting revised tariff records to incorporate into Kern River’s Tariff the business practice standards adopted by the Wholesale Gas Quadrant (“WGQ”) of the North American Energy Standards Board (“NAESB”) Version 4.0, and the standard revised by Minor Correction MC24002; and (2) petition the Commission for continuation of the extension of time previously granted to comply with those Electronic Data Interchange (“EDI”) processing requirements related to Version 4.0 of those NAESB data sets that are not currently being utilized and that have not been requested by Kern River’s customers or other parties.

In this instant filing, Kern River is amending its filing in Docket No. RP25-370 to include Sheet No. 254 to remove the Waiver of Standard 0.4.1, Storage Information from the listing of Standards for which Waiver or Extension of Time to Comply have been granted. Because Kern River does not provide Storage services, the proposed change is in accordance with the general principles for

reviewing requests for waivers set forth in Commission Order No. 587-V. In Order No. 587-V, the Commission stated that “as long as the pipeline does not perform the business function, it does not trigger a requirement to comply with the standard and hence no waiver or extension of time is required. If, however, the pipeline begins performing the business function, the standard(s) will already be in its tariff and the pipeline will be required to comply with the standard(s).²”

Waivers

Kern River respectfully requests that the Commission grant any and all waivers of its regulations that it deems necessary to allow the tariff sheet to become effective on August 1, 2025.

Motion

In accordance with Sections 154.7(a)(9) and 154.206(c) of the Commission's Regulations, Kern River hereby moves to place the tariff sheet referenced herein in effect as of the end of any suspension period ordered by the Commission.

Materials Submitted

The following materials are included in this filing:

- this transmittal letter;
- an eTariff.xml filing package containing the tariff sheet in electronic format, with metadata attached;
- clean copy of the tariff sheet for posting on the Commission’s eLibrary; and
- marked copy of the tariff sheet.

Other

In accordance with 18 CFR, Section 154.208, Kern River has served an electronic copy of this filing upon its customers and interested state regulatory commissions.
