Apologies, you are correct I did not attach the reports.

The mentioned reports are for May and June 2025. I have attached both the reports and the receipts for both payments. The entity is W W T, Inc. (14572304-0143). We have just recently began services so they are currently zero filing. I can provide data from these months as well if that would help to confirm the zero reporting is correct and what we should have provided the agency.

Greatly appreciate your help in this matter.

Thank you,

Subject: PSC Over-Payment

Good afternoon,

Please see both attached reports for USF payments for May and June. We had been using the wrong data to generate these reports and are not currently collecting for USF for these months. I am happy to refile the two months as needed, but is there a way to refund the overpayments going forward, as the overpayment was significant.

Thank you,
