

**Corix Utah City Heating and Cooling LLC**  
**Support Services Diagram**

Date: April 13, 2026

Corix Exhibit 2.4

- 1) This diagram illustrates the origin of the support services costs for shared Corporate and Regional support services provided to the operating utility (Corix Utah City Heating and Cooling LLC).
- 2) For this purpose, Corix considers a “regulated entity” to be an entity that receives economic regulation from a government agency.
- 3) The support services provided from each entity is a function of where the costs originate. For example, it is possible that a portion of Corporate Support Services be provided from Corix Infrastructure Services (US) Inc. in the future.
- 4) Corix reserves the right to change the legal entity from which the Corporate or Regional Support Services are provided to the operating utility. Changing the legal entity will not impact the support services or level of support being provided.
