Re: *Cape Generating Station 5 LLC*, Docket No. EG26-125-000
Amendment to Notice of Self-Certification of Exempt Wholesale Generator Status

Dear Secretary Reese:

On January 8, 2026, Cape Generating Station 5 LLC (“Cape Gen 5”) filed a Notice of Self-Certification of Exempt Wholesale Generator Status with the Federal Energy Regulatory Commission (“Commission”), pursuant to the Public Utility Holding Company Act of 2005 and Section 366.7 of the regulations of the Commission¹ (the “January 8 Notice”). The January 8 Notice contains an error that requires Cape Gen 5 to amend its January 8 Notice.

The January 8 Notice provides that the “Applicant is developing and will own and operate a geothermal electric generating facility capable of producing up to 31 megawatts (“MW”).” This is incorrect. The geothermal electric generating facility will be capable of producing up to 33 MW. Accordingly, Cape Gen 5 hereby amends the January 8 Notice to reflect that the geothermal electric generating facility will be capable of producing “up to 33 megawatts.”

A copy of this letter is concurrently being served by first-class mail upon the Public Service Commission of Utah, which is the regulatory authority in the state in which the electric generating facility is located. Cape Gen 5 respectfully requests that its Notice, as amended, be accepted for filing by the Commission.

Respectfully submitted,

/s/ Bruce Grabow
Bruce Grabow

Counsel for Cape Generating Station 5 LLC

¹ 18 C.F.R. § 366.7(a) (2025).

CERTIFICATE OF SERVICE

I hereby certify that I have this day caused the foregoing Amendment to Notice of Self-Certification of Exempt Wholesale Generator Status of Cape Generating Station 5 LLC to be served by first-class mail upon the Public Service Commission of Utah:

Public Service Commission of Utah
Heber M. Wells Building
160 East 300 South
4th Floor
Salt Lake City, UT 84111

Dated at Washington, D.C. this 27th day of January 2026.

/s/ Bruce Grabow
