## **II. IDENTITY OF PETITIONER**

NEXTLINK is a telecommunications company authorized by the Commission to provide intraexchange and interexchange telecommunications services. NEXTLINK currently provides service within the (801) Numbering Plan Area (“NPA”) or “area code” and has been assigned number blocks within that NPA for use in providing service.

## **III. INTEREST OF PETITIONER**

As a local exchange service provider in the greater Salt Lake City metropolitan area, NEXTLINK necessarily relies on number resources in the (801) NPA. Any number shortage, as well as the means taken to relieve or eliminate an anticipated number shortage, will directly impact NEXTLINK’s ability to provide service to its customers. NEXTLINK, therefore, seeks to protect its interests and the interests of its customers in the efficient, nondiscriminatory, and competitively neutral availability and use of telephone number resources.

## **IV. NATURE OF INTERVENTION**

The participation of NEXTLINK will be of material value to the Commission in its determination of the issues involved in this proceeding, and NEXTLINK's intervention will not broaden those issues or delay the proceedings.

WHEREFORE, NEXTLINK prays for leave to intervene as a party to this proceeding, with the ability to participate to the full extent allowed by the Commission's rules and Utah law.

RESPECTFULLY SUBMITTED this 17th day of December, 1999.
