

MEMORANDUM

Date: August 29, 2000

To: The Telecommunications Industry

From: The Utah Public Service Commission

Subject: Docket No. 00-999-03, 711 Dialing Code Implementation in Utah

A Technical Conference will be held on September 19, 2000, to discuss implementation of the 711 Dialing Code as ordered in FCC Docket No. 91-105, release date, August 9, 2000. The "Second Report and Order" states that hearing impaired consumers must have statewide access to 711 dialing by October 1, 2001.

It is imperative that all telecommunications providers, wireless providers, paging companies, and shared tenant providers attend this meeting to facilitate a smooth transition to 711 dialing, for the hearing impaired consumers in Utah.

The conference will be held at the Heber M. Wells Building, 160 East 300 South, Salt Lake City, Utah, in the first floor (south) conference room, beginning at 1:30 p.m. A conference bridge has been established for those who cannot be in attendance. The call in number is (435) 646-2663, there are 30 ports available on the bridge. **Please extend this invitation to the appropriate persons to represent your Company at the meeting.** For your convenience, the 711 meeting is slated to follow the Number Conservation meeting, scheduled for September 19th at 9:30 a.m.
